July 2, 1907 - Continued from page 73.

Brass Rails - Janitor's Vacation.

Brother Wilson, janitor, asked for vacation during the month of August. The same was granted and the secretary directed to notify him and ascertain if he could keep the brass rods on the stair way clean or whether we would be compelled to employ some one else.

Cemetery

The cemetery agent stated that it would be needful for us to have more lots staked off. Approved, and referred to agent.

Seats in Auditorium.

The committee, to whom the matter of seats was referred, reported that they thought it necessary to take out one seat on the main floor which would give nearly two inches more room between the seats, and to remove the book racks from the backs and place them under the bottoms of the seats. Approved, and the committee directed to get an estimate from brother Stark.

S. E. Smith.

The pastor was requested to tender her a note of thanks for an additional donation of $25.00
