was proposed to allow all of the Rally money raised this year, to be expended on account of the Completion and Renovation.

Hullville Mission.

In our last report, reference was made to the ~~auxiliary~~ authority given by the male members, to the trustees, to be responsible for the partial rebuilding and renovation of said mission. You will see by our report, that we have had to pay over $300, and the members there failed to come up to their promise. We hope the next conference will so change matters, that we may expect better results.

Mt. Auburn Cemetery.

We are glad to say that the cemetery has not gone back, notwithstanding the fierce and unfair ~~competition~~ which has come to the surface against it. We hope that all our members will feel the necessity of entering into a strong defence of our cemetery, whenever they find it nekessary.

Work done by Undertakers.
