Lectures during General Conference.

Pastor suggested having 2 or 3 lectures by prominent colored men, with paid admission.
Pastor asked to confer with Dr. Sheridan to ascertain whether lectures at Sharp St. would conflict with General Conference Lecture program.

General Conf. Com. on Reception.

Dr. Hughes stated that he was practically in charge of the reception of colored delegates and visitors, and would need considerable help, and might have to incur some little expense. Motion prevailed instructing him to go ahead and Trustees would be responsible.
