Dr. Hughes said that he held a note against the Trustees of Asbury Church, which had yet about 1 month to run, which he would let us have, if we could make use of it. Agreed to accept these offers, and if note referred to could not be used to make our own note, and have it discounted.

Solid Rock & Law Suit.

The Solid Rock Asso. having a claim against our church for provisions furnished the Aged Men & Women's Home, stated that they had transferred that claim to a white firm and that the white firm had sued on the bill. The said firm had not been suited on acct. of legal technicalities. The Trustees thought that if they could get something off of the bill, they had better

settle it without further trouble. Referred to following name committee, with power: Rev. Hughes, Hawkins, Smith.

School of Music.

Asked for the privilege of placing placards in the lobbies. Not agreed.

Aged Men & Women's Home.

Trustees agreed to invite the pastors of the colored M. E. Churches and the Trustees and Managers of the Home on Lee St., to meet at Sharp St. Church in the near future to consider the condition of the Home.

Stewards Loan.

The Stewards returned the loan by Trustees, for steamboat charter.

Turnbull & Co.

Agreed to give them a note in settlement of their account.
