We thought to have reported the debt at $21,000.00 or a small fraction over, but some adverse circumstances turned up. Namely: The cemetery has fallen off a few hundred dollars this year, The trouble with walls of the Henrietta St. house cost us about $200.00, Hullville Mission cost us about $125.00, The Aged Men and Women's Home

These together with the balance of cash on hand amount to a little over $1000.00, which would have brought our debt down to about $21400.00.
