J. H. Owens & Lots.

Secretary made statement that J. H. Owens, undertaker, claimed commission on all lots bought by his patrons, whether they were paid for in cash or on credit, and that for some lots that were sold in 1907, before we began paying commission. The amount of money claimed was about $4. A motion prevailed, authorizing the agent to settle with Mr. Owens, on the same basis as we settle with other undertakers, that is, 10% commission, where they pay in cash.
