FIGHT IS ON FOR LINCOLN HIGHWAY

OPPOSITION TO THE GREEK TEMPLE PLAN.

FIRST CLASH IN THE HOUSE

Representatives Linthicum and Talbott Lead the Forces Opposing Transference of Resolution to Committee on Library—Lose Out on Test Vote by a Narrow Margin, but Claim Victory When the Final Vote is Taken.

Bureau of The Baltimore American,
1410 Pennsylvania Avenue,
Washington, January 3.

Representatives Linthicum and Talbott, of Maryland, led a fight in the House of Representatives today against the reference of the Senate resolution on the Lincoln memorial proposition from the House Committee Appropriations to the House Committee on Library. The Senate resolution endorses the project approved by President Taft on recommendation of the Lincoln Memorial Commission for the erection of a Greek temple in Potomac Park, west of the Washington monument, as a memorial to Lincoln.

The House Appropriations Committee is in favor of the construction of Lincoln memorial highway as a substitute for the Greek temple proposition, to which idea this committee is vigorously opposed. The Committee on the Library, of which Mr. Slayden, of Texas, is chairman, is opposed to the memorial roadway project, and in favor of the erection of a Greek temple. The Maryland and Pennsylvania delegations in particular and congressmen in general identified with the good roads movement want the appropriation of two million dollars for the Lincoln memorial to be spent on a highway from Washington to Gettysburg, either by way of Baltimore or Westminster, and have organized a concerted movement against the Senate project.

Lose on Test Vote.

The test vote came today when the advocates of the Greek temple decided to transfer the consideration of the Senate resolution from one committee to the other. No debate was allowed on the proposition, but the contest was lively, and by the narrow margin of 102 to 92 the matter was referred to the library committee. This was a temporary victory for the Greek temple advocates, but the size of the vote rolled up by the Lincoln highway members was claimed by them as indicating ultimate victory for them, because, they claim, some members who voted to transfer the bill to the Library Committee are in favor of the Lincoln highway, and only voted that way through conviction that under the rules the matter ought to be considered by the library committee. Representative James R. Mann, of Illinois, the floor leader of the Republican side, is opposed to the highway proposition, and announced tonight that he will make a fight for the Greek temple plan.

The friends of the proposition to construct a magnificent highway from Washington to Gettysburg as a Lincoln memorial are determined to persist in their opposition against the erection of a Greek temple in Potomac Park, insisting that such a memorial is in no wise suggestive of the great work of Abraham Lincoln in maintaining the Union, a work that is infinitely better symbolized by the construction of a highway from Washington to Gettysburg. Today they frankly expressed their indignation at the high-handed proceedings of members of the library committee in securing the reference of the bill.

To Fight to the End.

Today, when Mr. Borland, of Missouri, who has introduced a bill authorizing the Lincoln memorial commission to consider the propriety of the Gettysburg highway, asked permission to address the House, the members of the Library Committee succeeded in cutting him off. It is stated that Speaker Clark, before the Baltimore convention, declared himself in favor of the Gettysburg highway, and on the strength of this declaration secured the Western Maryland members of the Maryland delegation. Since the convention Mr. Clark's interest in the Gettysburg highway is said to have waned and he signed the report of the Lincoln Memorial Commission, of which he was a member.

Friends of the Gettysburg highway are determined to prevent the passage of the Senate bill at this session. They have conferred with the Maryland members of the House, all of whom, with the exception of Mr. Covington, have declared themselves in favor of the Gettysburg highway and opposed to the commission's plan for a Greek temple. With the exception of Mr. Dalzell all the Pennsylvania members favor the Gettysburg highway.

SMALL INAUGURAL PARADE

Even Army and Navy Will Cut Down Representation.

Special Dispatch to The American.

Washington, January 3.—Jeffersonian simplicity will mark President Wilson's inaugural parade, according to the tentative plans of the inaugural committee, which had its first meeting here today.

Major General Leonard Wood, chief of staff of the Army and marshal of the parade, plans to have three regiments of infantry, one of cavalry, a battalion of coast artillery, a battalion of field artillery and a regiment each of marines and bluejackets march up Pennsylvania avenue on March 4. These, with the cadets of the West Point and Annapolis military academies, will make up about 7,000 soldiers, which is considered enough to represent the government.

In addition there will be a number of militia from practically every state in the Union and a large number of marching clubs and other civic organizations. It is the plan of the committee, however, to have a comparatively small but "smart" parade.

END LIVER TROUBLE WITHOUT CALOMEL

Untrustworthy Drug, Thought to Loosen the Teeth, Now Made Absolutely Unnecessary.

Dr. Edwards' Olive Tablets—the substitute for calomel—are the mildest but surest laxative known, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. Dr. Edwards has been calomel's uncompromising foe. His efforts to banish it brought out these little olive-oil-colored tablets, a rare combination of vegetable compounds mixed with olive oil. These pleasant, harmless little tablets do all the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel at all, but to let Olive Tablets take their place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" the clouded brain and how they "perk up" the spirits.

At 10c and 25c a box. "Every Little Olive Tablet has a movement all its own."

The Olive Tablet Company, Columbus, O.

HOCHSCHILD, KOHN & CO.

CONGRESSMAN A SUICIDE

Wedemeyer Jumps From a Vessel Near Colon While Insane.

Washington, January 3.—Representative William W. Wedemeyer, of Ann Arbor, Mich., who suddenly went insane at Colon, Panama, at the time of President Taft's recent visit to the isthmus, jumped overboard last night from a ship on which he had been taken from Colon.

Representative Wedemeyer went to the isthmus with a congressional party at the same time the President visited there. On the voyage from New York he collapsed and was taken to a sanitarium in Panama, and later was put in confinement in a hospital, where he became violent and raved about his defeat last election. He developed a suicidal tendency and was closely watched.

Wedemeyer's close friends say that a few days before leaving the isthmus he fell and struck his head on an icy sidewalk.

Colon, January 3.—Confirmation was received here by wireless today of the report that Representative William W. Wedemeyer jumped overboard from the steamer Panama, on board of which he had left Colon in charge of two nurses.

He leaped from the deck of the vessel at half-past seven last evening. The alarm of "man overboard" was given and a boat was immediately lowered.

The crew searched the surface of the sea in the vicinity for 40 minutes without finding any trace of Mr. Wedemeyer.

Wanted Before Money Probe.

Chicago, January 3.—The presidents of three of Chicago's leading banks have been subpenaed to appear before the Pujo committee next Wednesday and have been asked to hold themselves in readiness for appearance before that date. The bankers are George M. Reynolds, Continental and Commercial National; John J. Mitchell, Illinois Trust and Savings, and J. B. Forgan, of the First National Bank.

FRENCH SHIP FOUNDERS

Passengers and Crew Rescued by a Cunard Liner.

Bona, Algeria, January 3.—The Cunard liner Tyria rescued and brought into this port today 98 of the passengers and crew of the French mail steamer St. Augustin, running between Marseilles and Algiers.

The St. Augustin foundered just after midnight, while the Tyria had her in tow. No details as to the accident have been received.
