

A communication, as follows, was received, and the request, as therein contained, was granted:-

"Baltimore, Md., July 11th., 1910.

To The Honorable,

Board of Police Commissioners.

Gentlemen:-

Sometime ago I inadvertently left my revolver on a shelf in the bath room of my boarding house, and did not discover my negligence until the following morning. A general search of the bath room and my apartment failed to reveal its whereabouts. I labored incessantly in an effort to trace the revolver, but to no avail.

The loss I reported to my superior, and the Board of Police Commissioners subsequently ordered me to replace the lost revolver at my own expense, which decision I thought equitable and just, but which will cause me considerable embarrassment financially, as I am at the present time under an expense greater than my income, due to a very sick daughter, who, I fear, is a victim of tuberculosis, and gentlemen, because of my monetary obligations in my efforts to prolong my daughter's life, I am going to request a concession, and that is, to relieve me of the expense of purchasing a new revolver.

Trusting you can consistently grant my request, I am,

Yours very respectfully,

PETER B. BRADLEY, Detective."

APPROVED,

THOMAS F. FARNAN, Marshal."
