TELLS SHOPPERS THEY MUST HELP

MARY C. WIGGIN TALKS TO CONSUMERS' LEAGUE.

WIPE OUT SWEAT FACTORIES

Deplores Spirit of Women Who Do Not Care Under What Conditions Their Garments Are Made, So Long as They Are Cheap and Satisfactory—An Obligation Every Woman Should Assume for Her Less Fortunate Sisters.

To urge women shoppers of Baltimore to co-operate with members of the Maryland Consumers' League to secure better conditions for factory workers was the object of an address delivered by Miss Mary C. Wiggin, of New York, chairman of the label committee of the National Consumers' League, before a large audience of women at the home of Mrs. P. Lea Thom yesterday afternoon. Miss Wiggin was introduced by Charles J. Bonaparte, president of the Maryland Consumers' League.

Miss Wiggin pointed out that the league could accomplish little unless backed up by the shoppers, who by refusing to purchase any garments not bearing the label of the league, would force manufacturers to submit their factories to the inspection of the league's agents and raise them to the standard. Miss Wiggin said that, although many manufacturers were progressive and wished to improve the conditions under which their goods were made, still in view of the sharp competition existing they were forced to employ cheap and sweatshop labor. She stated that she had been told by several manufacturers that the average woman shopper cared little for the conditions under which her garments were made, so long as they were beautiful and cheap.

"There isn't one woman in 100 who will pay five cents more for an article that she can obtain at a lower rate simply for the satisfaction of knowing that it was made under proper conditions," said a New York manufacturer. To rouse this social consciousness of women is the object of Miss Wiggin, and she says that if all women will co-operate in the movement the excuse now often offered by women, who say that the most beautiful pieces of work do not bear the stamp of the league, will no longer be valid.

"There are three classes of people who must co-operate in the movement,' said Miss Wiggin, "the employer, the employes of the more fortunate factories, who must co-operate with their less fortunate sisters, and above all the shopper. The shopper bears a grave responsibility, for the workers in the factories and laundries are really their substitutes. It is the duty of everyone in the world to perform his share of the world's work. The excuse that our ancestors have left sufficient money to support us does not relieve us of this obligation. We are judged by a standard of service, and if we are not engaged in the more laborious occupations, we must prove to the world that we are rendering an equal service to mankind. Thus the teacher, the preacher, and the poet are excused from this work, because they are performing commensurate service to mankind. This, however, makes the toilers their substitutes, and they must be solicitous for their welfare. So with you women. The girls who are toiling in the factories making your garments are there because you feel that you are of more service to the world in the sphere in which you live. They are your substitutes, and performing part of your work. You must take a vital interest in them and protect them."

Miss Wiggin told of an interesting experience which she had with a manufacturer of Boston. His factory was a fire trap, and she asked him to remedy conditions. He refused, and then she threatened to tell the conditions prevailing in the factory to the girls of a certain college who were his best customers. Rather than have this done the conditions were immediately remedied. "That shows," said Miss Wiggin, "what can be accomplished if the shoppers unite in insisting on proper conditions." She also emphasized the importance of a short working day for factory girls, illustrating her points from her own experiences in New England factories.

TELLS OF FLOOD TERRORS

National Red Cross Director at City Club.

Ernest P. Bicknell, director of the American National Red Cross Society, was the speaker at the weekly luncheon of the City Club, held yesterday at noon in the Calvert Building.

Mr. Bicknell talked on the last Mississippi flood and the rescue work accomplished by the society and the committees of citizens. The rescue of the live stock interested his hearers very much. Mr. Bicknell also told how the farmers prepared for the flood and how they moved from the first floor of their home to the second, and from there to the garret as the water kept rising higher. Mr. Bicknell told how after the waters had retreated a thick layer of mud was left upon the earth. The farmers took their cotton seeds, dropped them in this mud, and then gently padded the mud over them with their feet. Within three days the cotton plants were several inches above the ground.

The following committee on city plans was appointed: W. W. Emmart, chairman; Herbert Sheridan, Major Joseph Shirley, H. Wirt Steele and Sidney L. Nyburg.

B. B. Buck

Clever local Thespian, who is to star in Charley's Aunt, which is to be presented at Albaugh's the week of April 14 for the benefit of the Teachers' Relief Fund. Mr. Buck will also direct the performance.

COMEDY TO AID TEACHERS

Mr. Buck to Star in Charley's Aunt for Tuberculosis Victims.

The Teachers' Relief Fund committee of the Public School Teachers' Association of the City of Baltimore has selected Lafferty's Company of Players to put on at Albaugh's Theater, the week of April 14, the farce-comedy, Charley's Aunt, with B. B. Buck as the star, as well as director.

Mr. Buck is well known in Baltimore for his past connection with the famous Albaugh's Stock Company, and in New York, where he has played in some of the big successes with great skill and cleverness. Mr. Buck has surrounded himself for this occasion with the very best talent that could be secured here. J. Albert Young, manager of Albaugh's Theater, when told of Mr. Buck's connection with Lafferty's company as the star and director, exclaimed: "You could not have picked a better actor for the work than Buck."

The Teachers' Relief Fund committee will give this benefit for the purpose of raising a fund to endow a permanent bed at one of the local sanitariums for the relief of those poor deserving public school teachers who have contracted tuberculosis, and from the present indications the teachers expect to play to full capacity of Albaugh's Theater on this night, and hope to be able to raise a considerable sum toward the establishing of this bed, which will help in a way to stop the spread of this highly contagious disease.

Tickets may be redeemed at the transfer desk at Stewart & Co.'s store after April 4.

City Granted a New Trial.

Judge Dobler, in Part 2 of the Superior Court, yesterday granted the city a new trial in the case of little Gladys Carlyle who, during the term of court recently ended, was awarded a verdict of $15,000 damages against the city. It was alleged that the little girl had her foot caught in the cement as the base of a fire alarm box at the corner of Lafayette avenue and Appleton street as she was running. It was testified that she will henceforth be obliged to use crutches. Judge Dobler, in granting the new trial, said that both plaintiff and defendant will be able to present a better case next time. City Solicitor S. S. Field argued the motion for a retrial. City Solicitor S. S. Field argued the motive for a retrial. Attorneys John B. Gontrum and Ames J. Lindsay represents the plaintiff.

Brought Back to Stand Trial.

Headquarters Detective Pohler returned to the city yesterday from Newark, N. J., with Hyman and Beckey Paul, under indictment here on a charge of conspiracy to defraud Mrs. Golda Jenofski, of 117 North Exeter street, out of $250. They are now in Jail awaiting trial. It is alleged by the Jenofski woman that the couple told her they conducted a bakery in Washington and for $250 would make her a partner. She drew the money from the bank and gave it to them, she says. According to the police the couple disappeared during the early part of June and went to Washington, where they sold their small bakery and then disappeared.

Now It's the Traffic Club

At a meeting held at the Baltimore and Ohio Building Friday night the Baltimore Railroad and Steamship Association began a reorganization, and henceforth will be known as the Traffic Club. The reorganization was not completed, however, and the following committees were appointed to finish the work and advance the club: Incorporation, Edward Loudon, C. A. Fifer and J. H. Doebler; membership, N. J. Elliott, Allan Graves, J. L. Hayes, A. E. Beck and Paul Gessford; nominating, N. J. Elliott, W. T. Hunter, J. H. Doebler, E. A. Walter, W. W. Tingle, A. E. Beck and J. L. Hayes; publicity, E. A. Walter, C. H. Porter, N. J. Elliott, E. A. Beck and W. T. Moore.

The UNITED STATES DUNLOP (Straight side) TIRE

is the premier automobile tire of the world

The Genuine Dunlop Tire

represents what thousands of motorists regard as the ideal *type* of tire. It is in no sense a *new tire*.

The Hartford Rubber Works practically introduced it into this country more than ten years ago, and it has always been one of the standard Hartford (now United States) tires.

No other tire has ever been imitated so widely as has this tire, and yet in no other tire has the *original principle* been so firmly adhered to.

The illustration on this page is of the original Dunlop tire, stripped of any and all the so-called "improvements" which some of the Dunlops have shown.

As an indication of the growth in favor which this *genuine* Dunlop has enjoyed, it may be stated that the United States Tire Company has, without the blare of trumpets, actually taken care of

More than a 600% Increase in Sales in Less than a Year's Time

So insistent has the demand become for this tire (in the face of the most strenuous competition on the part of other tires of a similar type), that we have been obliged to add immensely increased facilities for its manufacture during 1913. From now on the United States Tire Company will undertake to supply all the *genuine* Dunlop Tires demanded by the trade. Bear in mind—this Dunlop is the *only* Dunlop possessing *all* the merits of this extraordinary tire.

UNITED STATES TIRE COMPANY New York

JUST Consider

WHETHER OR NOT it is best to take advantage of my **LOW PRICES** and **SUPERIOR QUALITIES**, when you need an undertaker or whether you had better send for the old family undertaker, who charges double the price and gives half the quality?

Just stop a moment and **THINK**, and then make the thought have a **CASH** value.

Go to the nearest telephone and ask exchange to ring up

Wolfe 1377

The line is open every minute of the day or night. That puts me within easy reach, even though you are located in some distant part of the city. I have swift horses always ready to start, and I can reach you in a little while.

Maybe you have seen a funeral at the house of some friend, that cost $150, and would like to have one just like it.

It may startle you when I tell you I will furnish a better funeral for

$75 All Charges Covered

But It Is a Fact

The casket is a beautiful late model, covered with fine English Black Broadcloth or White or Silver Gray Embossed Plush. The interior is finished with beautiful silks and satins, and is a fitting example of **TURNER QUALITY.** Massive Bar Handles and a richly engraved Nameplate are the finishing touches which show the best thought of the master designer.

Beautiful Burial Clothes are included, together with the following items: Embalming, Washing, Shaving, Dressing, Candelabra, Candles, Crucifix, Gloves, Crape, Rugs, Chairs, Canopies, Newspaper Notices, Casket Case, Opening Grave.

For the burial service you have the use of one of

Turner's Massive Hearses

(Black, White or Gray)

5 Superior Carriages

FOR $100

I Will Include a Magnificent Couch Casket

Showing all the beauties and better qualities than the one you have seen used in a funeral costing from $200 to $225.

$50 PAYS FOR A COMPLETE SHIPPING FUNERAL

Would Cost $100 Elsewhere

Never in your life have you seen the equal of the **TURNER BURIAL SERVICE.** I give my personal attention to every little detail, and I am mighty particular about how things are done for you. That accounts for it.

Two Funeral Parlors Beautifully Draped Specially Designed

I make no extra charge for removing bodies from hospitals.

Mrs. Turner faces any kind of weather to answer a female call when requested.

TURNER

1440-42 N. Broadway

AT OLIVER ST.

TO LIVE IN MESOPOTAMIA

Miss Stella Toal Will Be Bride of Oriental Officer.

The marriage of Miss Stella Toal, daughter of Mr. and Mrs. John Toal, of 413 East Twentieth street, to Lieutenant N. J. Karagulla, M. D., of Mardin, Mesopotamia, a surgeon of the Egyptian Army, will take place quietly at her home on February 3. The ceremony will be performed by Rev. William J. Ennis, of Loyola College.

After the wedding, the pair will go to New York, where they will remain for several days before sailing for England. After staying in London for a week they will go to Paris and from there to Rome, and after visiting other points on the continent it is their intention to arrive in Jerusalem for Easter week. Mr. and Mrs. Karagulla will make their home in Mardin, Mesopotamia.

The marriage will be the climax of a courtship begun while Lieutenant Karagulla was a student at the College of Physicians and Surgeons, in this city. Meeting at the home of a common friend, they became great friends and when Lieutenant Karagulla returned to his native land after receiving his diploma in 1906, they kept up a steady correspondence.

Lieutenant Karagulla came to Baltimore in 1909 on a three-month furlough and, although he pressed his suit with much ardor, he was forced to leave without his bride. Just after last Thanksgiving, he arrived in Baltimore, having been granted another three-month furlough, and leased an apartment near the home of Miss Toal. Then the wedding arrangements were planned.

Sergeant Horner to Leave.

From the enthusiasm and interest shown by the boys of Company A, Hospital Corps, in the last few weeks it appears as if the dreams of this outfit will be realized and a full field hospital company, consisting of ambulance company and hospital corps, will be organized. One thing has happened to mar the enthusiasm of the corps, and that was when a full and honorable discharge was granted Sergt. W. A. Horner, who will remove to Seattle, Wash., to engage in business.

Sergeant Horner, who has been connected with the guard for about 15 years and who has affiliated with the Hospital Corps since its inception 12 years ago, has been quartermaster and commissary for the last six years.

Sergeant Horner, before leaving, presented the corps a large wall plaque of their emblem. This plaque, which is the handwork of Sergeant Horner and Private Maginnis, is a fine specimen of the engraver's skill, and now occupies a conspicuous place in the corps rooms.

James Mahon Dismissed.

James Mahon is no longer a city employe. He was given a clerkship in the City Engineer's Department recently and Friday Mr. McCay ordered his dismissal. No reasons were assigned by Mr. McCay for his act.

"77" FOR GRIP & COLDS

The epidemic of Grip, like a monster wave, is extending from the Atlantic to the Pacific.

Don't wait till your bones begin to ache, take "Seventy-seven" at the first feeling of lassitude and escape Influenza, Catarrh, pains and soreness of the Head, Back and Chest, Cough, Sore Throat, General Prostration and Fever, or it may take longer to break up.

It pays to keep "Seventy-seven" handy. It is a small vial of pleasant pellets, fits the vest pocket. At your Druggist, 25c., or mailed.

A QUICK RECOVERY

Mrs. Wernig Had Kidney Removed. Soon to Leave Hospital.

Mrs. Angela Wernig, 68 years old, mother of Joseph S. Wernig, 1206 Aisquith street, who recently underwent a serious operation in the Church Home and Infirmary, during which one of her kidneys was removed, has responded with surprising readiness to the treatment of her physicians and will be able to leave the institution in a few days, cured.

Mrs. Wernig has been a patient in the Church Home and Infirmary since January 4, when she returned from Winterstown, Pa., where she had gone five months before for the benefit of her health. Contrary to the expectations of the physicians who advised her to seek the mountain air, her condition became steadily worse, and on January 4 she was admitted to the Church Home and Infirmary. At that time little hope for her recovery was entertained, as an examination revealed the fact that she was suffering from an acute kidney disorder. The physicians agreed that unless the affected kidney was removed Mrs. Wernig could not live.

The operation was performed a little more than a week ago and required more than two hours. When the kidney was removed it was found that the co-operative organs were slightly affected. Internal treatment regarding the latter ailment was administered, and Mrs. Wernig has improved steadily.

Tilly Allen Case in Court.

Upon a question of jurisdiction urged by the Georges Creek Coal and Iron Company, the Tilly Allen case, which involved the ownership of stocks of that company and other securities, worth in all about $35,000, came up yesterday before Judge Rose in the United States District Court. The case was not concluded and will be resumed on Wednesday. The point made by Bernard Carter & Sons, attorneys for the Georges Creek Coal and Iron Company, is that the case is already in the Circuit Court of Baltimore City. Some time ago William Force Scott, assignee in bankruptcy of Tilly Allen, instituted the suit in the United States Court. The bill states that in 1842 Tilly Allen, a New York merchant, filed a petition in bankruptcy in the New York District Court. He had judgments and claims against him, it is stated, of about $32,000 and assets consisting of household goods of little value.

It is stated that in March, 1841, there were on the books of the Georges Creek Coal and Iron Company 58 shares of the stock of the company in the name of Tilly Allen, New York, in trust. They were then worth $15 a share, the total value being $870. At the present time the stocks are worth $20,952 and the bonds worth $14,236.

Tilly Allen died in 1852, leaving a son and a widow. The son has since died, but the bill states the widow is believed to be still alive. The assignee in bankruptcy claims that the shares of stock belong to the creditors of the bankrupt. He claims that the words "in trust" signify that Tilly Allen meant that the shares were to go to the whole body of creditors and not to any one specially preferred.

Cardinal Confirms Today.

Cardinal Gibbons will confirm a large class at St. Andrew's Catholic Church at Park Heights this morning. The Cardinal will also preach the sermon at the morning service.

Are You Subject to Constipation

Here is a Simple Way of Correcting it Instantly Before it Becomes Chronic.

Very few people go through life without some time or other being troubled with constipation. Thousands injure themselves by the use of strong cathartics, salt mintral waters, pills and similar things. They have temporary value in some cases, it is true, but the good effect is soon lost, and the more one takes of them the less effective they become.

A physic or purgative is seldom necessary, and much better and more permanent results can be obtained by using a scientific remedy like Dr. Caldwell's Syrup Pepsin. It does not hide behind a high sounding name, but is what it is represented to be, a mild laxative medicine. It is so mild that thousands of mothers give it to tiny infants, and yet it is so compounded, and contains such definite ingredients that it will have equally good effect when used by a person suffering from the worst chronic constipation. In fact, among the greatest endorsers of Syrup Pepsin are elderly people who have suffered for years and found nothing to benefit them until they took Syrup Pepsin.

It is a fact that millions of families have Syrup Pepsin constantly in the house, homes like those of Mrs. G. B. Pruitt, Berea, Ky., who used Dr. Caldwell's Syrup Pepsin as a laxative tonic. Mrs. Pruitt writes that it so strengthened and cleansed her system that she was quickly relieved of a severe cough which had troubled her for months. The special value of this grand laxative tonic is that it is suited to the needs of every member of the family. It is pleasant-

MRS. G. B. PRUITT

tasting, mild and non-griping. Unlike harsh physics it works gradually and in a very brief time the stomach and bowel muscles are trained to do their work naturally again, when all medicines can be dispensed with.

You can obtain a bottle at any drug store for fifty cents or one dollar. The latter size is usually bought by families who already know its value. Results are always guaranteed or money will be refunded.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

Warner's Safe Remedies

Do You Get Sleep?

If you do not something is wrong. Continued loss of sleep will undermine your health. In fact, inability to sleep is a symptom of disordered health and a weakened condition of the nervous force.

Neurasthenia and nervous exhaustion are later and serious stages of nerve trouble that follow. The progress is often very slow and the trouble is equally slow to respond to treatment.

Warner's Safe Nervine

is a nerve tonic of rare and extraordinary merit. It acts directly on the nerve centers. It invigorates and tones the system and gives needed rest to mind and body. It is unequaled for insomnia, nervous headache, nervous dyspepsia, failing memory and all neurasthenic conditions. Its use results in a delightful consciousness of perfect health.
