Shipload of New "1913" Matting

We had our own agents in China and Japan select this matting so as to be sure of getting the best quality for you.

The Jap Mattings show a decided improvement in quality and patterns. Most of the designs are unique in Jap art.

Of course we save big money through being importers and buying tremendous quantities. Our savings we give to you.

The China Mattings show the same staple patterns, but the quality of straw is vastly superior to that of last season.
