For Sale—Suburban

YOU HAVE BEEN SAYING THAT IF YOU could find a little place in the suburbs, on electric line, that you could get to at reasonable fare, within few minutes' ride of your work, that you would buy it and move to the country, raise chickens, grow fine fruits, flowers and have a garden, etc., and settle down and enjoy life.

AT LAST HERE'S WHAT YOU WANT. LOOK. We have subdivided a fine, fertile farm of over 200 acres at SHIPLEY'S Station, on the Electric Line to Washington, into 1, 2, 5 and 10 acre little farms. Have them divided by 30-foot streets. Some of the acres are beautiful woodland, affording delightful shade for the house, but the majority is clear land ready for cultivation. In fact, last year it produced fine, bountiful crops. Some of the land is covered with fine orchard—pears, apples, plums, cherries, grapes, etc. All large trees and full bearing. We are offering the cleared and woodland for $100 an acre on terms of $10 down and 50 cents weekly. Will build a four-room "A-ladd-in" house, with 6x20-ft. porch, for $600, on terms of $50 down and $2 weekly. A 5-room house, with 6x30-ft. porch, for $700; $75 down and $2.50 weekly. A 6-room house, with nice porch, for $800, on terms of $80 down and $3 weekly. All houses to include without extra charge pump, toilet, stable, chicken-house and 6-foot wire fence surrounding same. All houses to be artistically painted, plastered and wallpapered. Can erect and deliver ready to live in any of these houses in thirty days. If desired will erect more expensive house on liberal terms. The acreage will be sold on above terms without any obligation to erect a house thereon. Over half the land has been sold off to a good class of people, and a number of houses are to be erected this spring. We are attempting to gather together a colony of poultry raisers, fruit growers and truck gardeners. There is money in the poultry business and lots of pleasure. We would like to have you inspect this property and join us this spring. Our terms of payment are so easy that any one can afford to buy a little home in the suburbs. Shipley's Station is only 7 miles from the center of Baltimore; is in a high and healthy location; can see the City Hall from the land. Three fine county roads pass the property and it takes only a little over a half hour (or less) to drive to the city with a team. Two electric lines pass Shipley Station, W. B. & A. Ry. (Washington Electric Line) and the Maryland Electric Railway (the Annapolis Short Line). Takes only 15 minutes, at 7c. carfare, to reach the heart of Baltimore. Why, you can get to Shipley Station quicker than you can get to the city limits of Baltimore on the regular street cars. The Washington Line electric cars are large, well-lighted and ventilated; run early in the morning and late at night. Plenty of seats for everybody; no crowding. Look all around Baltimore, but you will find no place that you can buy for $100 an acre on such terms as we offer. Go see today or tomorrow. Salesmen with carriage can always be found at Shipley Station. Call for further particulars BRANCH REAL ESTATE CO., 709 Law Bldg. Phone, St. Paul 2098. P. S.—We build the above "A-laddin" Houses at prices quoted on your own land, no matter where located, if within 25 miles of Baltimore. Send for illustrated catalogue of cheaper and higher priced houses. fe16-S4t,d26t*26t
