Failures in England.—A London paper speaking of the failures in England and America says,—most of the failures that occur in England, which are reported through the higher mercantile circles, are for sums between £40,000 and £100,000. That of Messrs. Heaward, which has just occurred at Stockport, is for about £80,000. The magnitude of the failures reported from the United States is a feature clearly indicating the extent to which credit has been pushed by the merchants ofthat country. Almost all that have been mentioned are, in each case, for sums varying from £150,000, to £600,000 sterling. The house in the fur trade reported to owe seven millions of dollars is, however, we beleive indebted actually not more than £200,000 to 250,000. Not more than two or three of the houses that have failed in England owe sums exceeding £120 000, and the difference is remarkable, as showing that the Americans have to fall from a higher elevation to the common level than the merchants of England.

Unprecedented Generosity.—On Tuesday last, Mr. W. G. Pierson of this town, found a pocket book containing notes to the amount of a thousand dollars. After giving publicity to the fact, and having taken the trouble to insert it one of the newspapers of the day, the owner called upon him, and having proved the property to be his, made the finder a present of the astounding sum of *thirty-three cents!* —*Roxbury Chron.*

VALUABLE LAND FOR SALE.

THE subscriber offers for sale all his land lying and being in Somerset county, on Barron Creek, near the "Spring." It comprises several tracts or parcels of laud, contiguous to each other, containing in the whole

more or less. The improvements upon the same are a two story Dwelling House, near the water, at which there is a first rate landing place—a new store house, considered to be a good stand for business.—also an orchard, affording most excellent fruit. There is another dwelling tenement upon the property, immediately adjacent to the water, with a very thriving orchard of young apple trees annexed. About 70 or 80 acres of this land is cleared, the greater part of which is good for a corn crop—the residue of the property is covered with oak, chesnut, hickory, pine, and gum timber, suitable for vessels, cord wood, &c. The title is in fee simple, and clear of all disputes and incumbrances.—The property being in a county in which I do not reside, induces me to dispose of it, provided I can get something like the value of it. I will sell it if applied to, on reasonable terms, and if not sold at private sale by Friday the 28st of April next, I will offer it on that day at public sale on the premises, at the hour of 12 o'clock.

DORCHESTER

HOUSE,

THE undersigned respectfully announce to his friends and the public generally that he has taken that well-known

TAVERN HOUSE

IN THE TOWN OF CAMBRIDGE,

lately occupied by Mr. John Bradshaw, (which will in future be styled the "DORCHESTER HOUSE,") where he designs keeping a first rate establishment for the accommodation of all, and every person, who may favor him with their patronage. His TABLE will at all times be furnished with the best the market will afford. His BAR is now, and will continue to be, stocked with pure and unadulterated Liquors, of every variety; to attend in which he has procured the valuable services of Mr. *Thomas Smith*, who will always be ready to administer to the comforts of visiters. To attend his STABLES, he has careful and experienced Ostlers, which, together with his personal knowledge of the character and habits of that most valuable of animals, will, he flatters himself, afford ample assurance that all horses left in his charge will be well attended to. The House, in the course of the ensuing summer, will undergo a thorough repair, and be very considerably enlarged.

The advantages of its location must be acknowledged by all who visit it; for, while it is in the middle of the village, it is yet retired and quiet, standing on a fine airy situation, about equal distant from either end of the town.

The undersigned pledges himself to his patrons that his efforts to render their sojourn with him agreeable, shall be unremitting, and that nothing shall be left undone to accomplish that object; he, therefore, respectfully solicits a share of the patronage of an enlightened public.
