BY AUTHORITY.

LAWS OF THE UNITED STATES PASSED AT THE SECOND SESSION OF THE TWENTY FIFTH CONGRESS.

[PUBLIC No 2.]

An Act to ratify and confirm certain official acts of John Pope, late Governor of Arkansas.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the location, sales and transfers of John Pope, late Governor of Arkansas, of a quantity of land, not exceeding ten sections, (or six thousand four hundred acres,) which was granted by Congress to Arkansas to build a State-house at Little Rock, the seat of Government of Arkansas to sundry citizens of Arkansas, in pursuance of an authority vested in him by an act of Congress of the fourth day of July, in the year eighteen hundred and thirty-two, be, and the same hereby is, ratified and confirmed. *Provided* said location, sales, and transfers were in conformity to legal subdivision, be those division fractional quarter sections or not: *And provided, also.* That the gross amount of acres of land thus located, sold, and transferred, for the purpose aforesaid, does not exceed six thousand four hundred acres; and the President of the United States is hereby authorized and directed to cause patents to issue to said purchasers, their heirs, or their legal representatives for the late Governor's several locations, sales, and transfers, whenever the applications are properly made by said purchasers or their legal representatives.

SECTION 2 *And be it further enacted,* That the northern and southwest quarters of section twenty, township eighteen south range one west, the southeast quarter of section twenty eight same township and range, the southwest quarter of section fifteen, township nineteen south, range one west, the northwest and southeast quarters of sections nine, same township and range all in Mississippi land district, State of Aakansas, be and the same are hereby excepted from the provision of this act.

JAMES K. POLK,
Speaker of the House of Representatives.
RH. M. JOHNSON,
Vice President of the United States and President of the Senate.

Approved, Jan. 16, 1838.
M. VAN BUREN.

From the Baltimore Chronicle of Saturday.

The Currency committee.—We learn, from an authentic source that the labors of this committee which was appointed by the Legislature to investigate the affairs of the Banks and other monied institutions of this State, have nearly been completed.

The committee first met in this city, and then proceeded to Port Deposite to investigate the affairs of the Susquehanna Bank.

Having completed that examination they returned and were three weeks in investigating the affairs of the several Banks and the Fell's Point Savings Institution of this city

The Committee then apportioned out the duty of examining the other moneyed institutions among its members, as follows:

To Messrs. Sprigg and Causin, the Banks at Cumberland.

To Messrs. Maulsby and Bowie, the Bank of Westminster.

To Messrs Grason and Carroll, the banks at Easton and Salisbury, on the Eastern Shore.

To Mr. Giles, the Farmers' Bank of Annapolis.

On Monday Gen. Maulsby is to join Messrs. Sprigg and Causin at Hagerstown, who, after investigating the affairs of the Banks and Savings Institution at that town, will proceed to Williamsport, examine the banks there thence to Frederick and examine the banks and Savings Institution there, thence to Ellicott's Mills and examine the Patapsco bank—which will complete the investigation of all the moneyed institutions of the State.

The Committee expect to get through their labors by Monday week, when they will reassemble in Annapolis, with a view to make out their report.

DISASTROUS FIRE—DESTRUCTION OF THE BALTIMORE CIRCUS, AND COOKE'S STUD OF FIFTY HORSES.

Between four and five o'clock on Saturday morning the alarm of fire was given, and it was soon discovered that the whole of the extensive building in Front street, known as the Baltimore Theatre and Circus, was entirely enveloped in flames, which burst with great fury from every window and door of the vast edifice. Before the fire was discovered, it appeared to have reached every part of the building, and prevented the possibility of saving a single article, including his stud of upwards of FIFTY HORSES, twelve of which were remarkable for being extremely small.

The fire is supposed to have been the result of accident.—*Balt. Amer.*

THE CANADA WAR NOT YET ENDED.

Letters were received in this city last evening direct from Bramford, U. C. which states that on the day it was written, and before it was mailed, five Expresses had passed through that place for Toronto, with the intelligence that the Patriots had risen, in considerable numbers, in London District, for the avowed purpose of rescuing the individuals imprisoned in the jail in that District

The letter adds that "before this reaches you the jail will doubtless be taken, and the prisoners released."

We are told that a law has passed the Parliament of Upper Canada, confiscating the property of all who have left the Province since the 3d of December last, who do not return and take arms upon the side of Government. The confiscated property is to be appropriated exclusively to pay the expenses of the war.

We understand also that there is a provision in the same law, which declares that no alien shall be permitted to prosecute business or have his property protected, unless he repairs to the Province and also takes up arms.

The provision will operate severely upon several gentlemen in this city who own property [illegible]

We learn from Mr. Strong, the Rail Road [illegible] that Gen. Van Rensselaer passed on [illegible] from Batavia yesterday.

NORTHERN FRONTIER.—The Cleveland Gazette of the 29th January, says:—"Stage passengers report that the Patriots at Gibraltar have dispersed —The Detroit Free Press of the 22d is silent on the subject of their movements. The deputation from Monroe to Malden has returned, and report that there is great reason to believe that most, if not all the prisoners taken in the Anne will be released."

The New York Commercial Advertiser has received papers from Toranto, U. C. but they do not contain a word about the reported risings in the London District.

Statistics of Spirits.—From a Parliamentary document it appears that duty was paid on proof spirits as follows:

	England.	Ireland.	Scotland.
Population	12,801,187	7,767,401	2,365,114
Gal of Spirits	12,841,238	12,293,464	6,767,716

From which it appears that the quantity of spirits consumed in England is seven pints and one ninth per head, on the population; in Scotland twenty three pints per head, and in Ireland rather more than thirteen pints per head per annum.

One hundred and one bushels of first quality of well cleansed wheat have been raised from four bushels sowing on two acres of land, on Marshal Island, Maine.

Stephen B. Mann, Esq. one of the oldest merchants of Naw Yok, has made a donation of eight thousand dollars to the American and Foreign Bible Society.

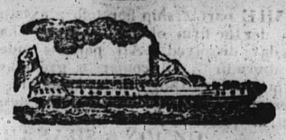
NEW ROUTE OF THE
The Steamboat



MARYLAND
IN ADDITION TO HER PRESENT
ROUTES.

The Steam Boat Maryland, will leave Baltimore every Sunday morning at 7 o'clock, for Annapolis, St. Michaels and Wye Landing, alias Powel's Landing, and return to Baltimore, by the same Route, every Monday, leaving Powel's Landing at 8 o'clock, in the morning.

The Boat will pursue the above and her other Routes as heretofore, so long as the weather will permit, that is to say, she will leave Baltimore every Tuesday and Friday mornings, at 7 o'clock for Annapolis, Cambridge and Easton, and return to Baltimore every Wednesday and Saturday, leaving Easton at 7 o'clock, A. M.

THE ADVANTAGES OF THIS
NEW ROUTE,

will be obvious to the Citizens of St. Michaels and the neighbourhood, the upper part of Talbot, Queen Anns and Delaware, after a short trial. The intercourse between Annapolis and Baltimore and their respective places of residence, will certainly be rendered more expeditious, safe and convenient than any heretofore offered to them. It is to be hoped therefore, encouragement will be given to the owners of the Boat to continue this route.

ADVANTAGES.

So long as the Steam Boat shall continue the above routes, St. Michaels will get the *news*, &c. from Baltimore and Annapolis, every Sunday and Wednesday, Centreville every Monday, Wednesday and Saturday; Cambridge every Tuesday and Friday; and Easton, every Monday, Tuesday and Friday.

Trustees of the Steam Boat Maryland.

To Timber Owners
ON THE EASTERN SHORE.

YOUR attention is invited to the business of Lumber making on a much cheaper and more convenient scale than ever before used or reduced to practice.

A SAW MILL,

from its peculiar construction, adapted to horse power, by which 2 horses are capable of sawing one thousand feet (board measure) in 10 hours. This Mill is calculated to be placed in the midst of the timber, and when all of the timber shall have been consumed the Mill can be moved and placed in the midst of other timber, and in a few days be prepared for business again. The Mill has no crank, but is a simple Rotany Saw with but four Bits; these Bits are inserted in the plate and when one set of Bits shall wear out other new Bits are replaced, and any good Blacksmith can make and put in these Bits. The saw plate will last an age. The entire cost of the Mill including the Patent will not exceed $650. The Patentee is now engaged in building a Mill at Tobacco Stick, Dorchester county, where he can be consulted until the 20th of January next, after which time he will return to his native State, (Georgia.)
