Brevities.—Ex-Judge Josiah H. Gordon, of Cumberland, died suddenly Saturday evening, 13th inst., in that city, in the 72d year of his age.

Judge Hoffman Tuesday last ratified the charter of the Literary and Recreation club, so that now the club is in a position to transact business as an incorporated body.

A correspondent is informed that the definition of "*fete*" is—"a festival, holiday, celebration or festivity." It does not mean "fair," although the fair will be there in great numbers. And as none but "the brave deserve the fair," it will be a fine affair for the brave to attend. The word, "*fete*," occurs twice in a new advertisement elsewhere printed.

The new office of the Consolidation company, near the depot, was completed this week and is now occupied. It is commodious, convenient and comfortable.

A test is being made in Ocean mine of an automatic trap-door, a newly invented and patented device which proposes to do away with mine door-keepers. It is in operation in a few Pennsylvania mines, where, we understand, it gives perfect satisfaction.

The manager of Miss Clara Louise Kellogg, the celebrated prima donna, informs a Frostburg gentleman that it is probable that we shall have this distinguished singer in our town some time during October. The announcement of the probability of her coming will create an interest that will insure a large audience, for her appearance here would undoubtedly be the musical event of the season. To make the probability a certainty, however, everyone should go to Annan's bookstore and subscribe liberally to the invitation card on view there.

Considerable space given to the Salvation Army this week, but it is readable.

Besides the new advertisements on first page "Beall's Busy Bee" statement on the this page, once seen, will rivet attention and command a reading. It is a unique example of alliteration turned to a business use.

A petition to allow the Salvation Army to hold a meeting one evening each week and on Sunday on Main street, and on other streets any evening, but not twice a week at any place, is in circulation and obtaining nearly everybody's signature.

A Colorado subscriber writes that "the JOURNAL is the best paper published in Western Maryland, and one of the best in the State." There is a head which could not have been better poised by a spirit-level.

Factory running double-turn and still behind on orders.

Will ship you five from here to-day.

A letter from the factory states:

Your orders have had attention.

But have to say that the company has now *over five thousand machines ordered ahead of factory!*

Your orders will go off soon as possible, but they will be slow.
"D." S. M. Co.

Embarrassing as it to us to be unable to send out our machines with our usual promptness, yet it will be far better for those wishing to obtain the very best machine in the world to wait patiently only a little while. It will pay to wait, for if you take one of the several very inferior brands of sewing machines now peddled around Frostburg, whose supply always exceeds the demand, you will regret your impatience and haste.

Wait for the { DOMESTIC. BEST.
