Married.—At the residence of the bride Sunday evening, September 4, 1887, Mr. JOHN B. THOMAS and Miss MARY ROWE, both of this place.

Coming Events.—Something new in entertainments is promised by the congregation of the M. E. Church, South, in Moat's Opera House, on the 17th, 19th and 20th insts. The programme comprises exercises in vocal and instrumental music, flag drill and tableau, etc. Ice cream, cake, etc., "always in order," will be about the only stereotyped provision for each evening.

The Knights of Pythias picnic, fixed for the 20th inst., promises to be a gigantic affair. More particulars next week.

The Borden Shaft Boys announce a picnic near Wright's Crossing on the 17th inst.

Theatrical,—It is well known that Clara Louise Kellogg takes the lead not only in musical matters, but in point of fashion. The society journals publish columns of descriptive matter about her Parisian costumes, her diamonds and laces, and although they do not belong strictly to art, they are a very welcome addition to the other achievements of the great singer. If you have not already done so, go to Annan's bookstore and subscribe to the guarantee fund. The probabilities favor success in raising the amount desired—but your name and contribution are needed to make it a moral and financial success.

Excursions to Philadelphia.—The Centennial Anniversary of the adoption of the Federal Constition will be celebrated at Philadelphia September 15th-17th by an elaborate trades procession, military and naval review, and other appropriate ceremonies and festivities, which will be participated in by the President of the United States and his Cabinet. All of the "Original Thirteen" and a majority of the other States and Territories will be represented by detachments of their national guard and by civic societies. This will undoubtedly be the most notable demonstration that has taken place since the centennial celebration of our national independence. To accommodate persons desiring to visit Philadelphia upon this occasion, the Baltimore and Ohio railroad company will sell excursion tickets to Philadelphia from all points on its system of lines, at the rate of one fare for the round trip. From points east of the Ohio river excursion tickets will be sold from September 12th to 17th inclusive, good returning until September 20th.

Personal.—Frederick Perry and family have removed to Beatrice, Kansas. Mr. P. formerly resided in Lonaconing.

Mrs. John T. Dawson and daughter, of Rowlesburg, W. Va., are guests of Joseph G. Dennison.

W. A. Frost, with George P. Williar & Son, of Baltimore, spent this week at home in this place. He looks well, and it is pleasing to note stands high in the esteem of his employers, who are the proprietors of one of the largest commission houses in Baltimore.

Thomas Conley, of Parkersburg, W. Va., 35 years ago a resident of Frostburg, surprised the few resident contemporaries of that period, Messrs. J. J. Keller, Joseph and David Knode, John B. McCulloh, W. H. Moore and others, with a call Thursday. He is verging on fourscore, but is hale and active. His friends were glad to see him looking good for years yet.

James L. Brown, of St. Louis, formerly of this place, is on a visit to his sister, Mrs. John Hitchins, at the National mines. His father, Elijah Brown, resides at Shipman, Ill., where he is kept in comfort by his sons. Mr. Brown looks well and prosperous.

Beetles.—"Citizen" comes too late for publication. Will appear next week. The same remark will apply to "Penelope."

Owing to the pressure brought on by an important change in our office, we have had to use the first matter at hand and hurry this issue out. The variety is not so great, but what there is is instructive, especially the card of answers to the drag-net of questions arranged for the future nominee of either party.

Best paper in the county, isn't it!

The German Arion band played the "Boulanger March" on the street Thursday evening of last week.

The answers to the 4th and 21st questions, elsewhere printed, will stand as partial replies to the Lonaconing *Review* and its "Inquirer."

A polebean stem of the "Flower" variety, 5½ inches long, grown in the garden of Frederick Domdera, contains 16 fullgrown, completely filled pods. A pretty fair specimen of Frostburg fertility in spite of the very dry season.

One of the finest improvements in a journalistic way it has been our pleasure to note is that in the typography and make-up of the Shenandoah (Pa.) *Mining Herald*, as shown in its issue of August 25th. It is now a monthly of 24 pages, exclusive of cover, printed on book paper, and contains select matter of indispensable utility to every miner or superintendent who desires to keep abreast of the progress making in one of the greatest industries of this age. In a very neat salutatory Rufus J. Foster, a skilled mining engineer, announces both his accession to the editorial staff and the purpose to make the *Herald* "almost a necessity to every intelligent miner, as well as to every mine official or owner."

MUNN & JONES:

Factory running double-turn and still behind on orders.

Will ship you five from here to-day.

A letter from the factory states:

Your orders have had attention.

But have to say that the company has now *over five thousand machines ordered ahead of factory!*

Your orders will go off soon as possible, but they will be slow. "D." S. M. Co.

Embarrassing as it to us to be unable to send out our machines with our usual promptness, yet it will be far better for those wishing to obtain the very best machine in the world to wait patiently only a little while. It will pay to wait, for if you take one of the several very inferior brands of sewing machines now peddled around Frostburg, whose supply always exceeds the demand, you will regret your impatience and haste.

Wait for the { DOMESTIC. BEST.
