ADDITIONAL LOCAL ITEMS

Entertainments.—A correspondent elsewhere gives an account of Miss Delo's lecture, Friday evening of last week.

The Fry family concert Tuesday evening was poorly attended on account of the weather. It was a fine affair, however.

Next comes the New Orleans Minstrels at Ravenscraft's Opera House this (Saturday) evening—a fine company well known here. The Cincinnati *Times-Star* says of their initial performance in that city this season:

The performance was a surprise, because it was supposed that all the first class minstrel organizations had been seen here, but it is now certain that at least one has heretofore failed to visit us, a circumstance that whoever is responsible for should be duly censured. Coming in an unpretentious manner, which, in contrast to the usual circus methods, seemed a timidity growing out of a lack of merit, they fairly astonished the immense audience that filled Robinson's Opera House to overflowing by the excellence of their performance. The show is entitled to the recognition given to real merit.

County News.—Montgomery B. McMillan, of Borden Shaft, tried last week at Frederick for shooting Philip Laemmert on the 27th of April, 1887, was acquitted Friday.

Mrs. Nancy Miller, of Cumberland, died in that city at the residence of of her son, Henry Miller, last Sunday, at the extraordinary age of 107 years, 8 months and 24 days.

Saturday evening the dead body of Patrick Laughlin, of Franklin mines, was found near that place. He left home Friday night and when found his body was covered with snow. A jury of inquest found that he died from exposure. He was 60 years old, and his wife and one son survive.

The wife of ex-postmaster Peter Goodwin, of Barton, died Sunday, aged 85 years.

The mother of A. H. Dowden, Register of Wills, Cumberland, is critically ill.

Railway Excursions.—One more cheap California trip. Free sleeping cars, with only one change of cars to San Francisco and Los Angeles. Six hundred miles shorter and one day quicker, than any other free sleeping car lines. Colorado passengers can take advantage of this trip. Train leaves Delaware avenue depot, Wilmington, 11:10 a. m.; Baltimore 1:30 p. m.; Washington 2:30 p. m., March 26. The trip of Feb. 27 having given perfect satisfaction, we have concluded to run one more. For further information and reservation of berths apply to H. A. Milier, passenger agent, Wilmington, Del., or to D. Bride, passenger agent, Baltimore, Md.

Theatrical.—A rich treat is in store for lovers of musical comedy at Ravenscraft's Opera House this evening, of which the Pittsburg *Post* gives some account as follows:

Gorton's New Orleans Minstrels possess the faculty of pleasing. It contains a number of really first-class artists in all branches of the minstrel profession. The combat clog dancing and the Knightly tournament are strong features of the entertainment, while the funnyisms of the end men and the excellent singing in the first part will be remembered by the visitors for a long time. The house was packed to the doors last night, and the indications are that the same state of things will prevail all the week. The playing of the Gold Band is as fine as anything that has been heard in the musical line in this city.

Died—March 5, 1888, JAMES RAPHAEL, infant son of Thomas G. and Mary Porter, of this place, aged 4 months and 19 days.

Alexander Paul, son of R. C. Paul, of Cumberland, died at his father's residence in that city Tuesday night after a lingering illness of consumption. He was an estimable young man.

The funeral of Mrs. Sloan, who died Wednesday at Hoffman at an advanced age, took place yesterday at St. Michael's church.

The wife of Benjamin Jackson, colored, died Thursday. Funeral and interment yesterday.

Legislative.—Senator McKaig has introduced a bill authorizing the George's Creek and Cumberland railroad to purchase that part of the Pennsylvania road which runs about six miles in this State, known as the Pennsylvania railroad in Maryland.

Mr. Benson's bill providing for a vote on the local option question in this place is awaiting its second reading in the House.

Mr. McKaig's bill legalizing primary elections in this county has passed the Senate.

MINING JOURNAL.
A WEEKLY NEWSPAPER.
FROSTBURG, MD., MARCH 17, 1888.

Eastern Views of the Coal Trade.

New York. Soft coals have not been active and few contracts have been sought. The expectation is, however, that the output this year on the market will be exceptionally large with new fields opened—Mining *Record.*

Nothing has been done since fixing the prices announced in our last issue, which were as follows: Free on board at Philadelphia, Norfolk, Newport News, Baltimore and Georgetown, $2.60 per ton of 2240 pounds. Free on board at South Amboy, Perth Amboy, Elizabethport, Port Johnson, Weehawken, Hoboken and Port Liberty, for shipment to points on the North River south of fifty-seventh street, and to points on the East River west of Hell Gate, $3.25 per ton. Delivered alongside in New York harbor south of Fifty-seventh street, North river, and on the East River, west of Hell Gate, $3.50 per ton. For Eastern markets the prices have not been fixed yet, but will, no doubt, be the same as last year.

The drop in anthracite will probably not materially affect the bituminous trade, unless it should go beyond the present figures, then, of course, the soft coal prices would have to conform to those of anthracite. We do not, however, anticipate any change in them.

Boston.—The new prices for bituminous coal have been put around the trade pretty industriously in the last few days, and while no transactions have been reported some developments may be expected in another week. Whether there will be any large buying movement at the opening of the season remains to be seen. The new price of $2.60 f. o. b. at all shipping ports is an advance of ten cents a ton practically, as last year most of the larger contracts, whether to railroads or other parties, were placed at $2.50, and not very much was done at $2.60. It is, of course, too early to say whether this advance is being maintained. There is some coal outside the pool offering at enough less then $2.60 to make it attractive, but how much influence this will have remains to be seen. It is easy enough to see that your correspondent does not feel very greatly impressed with the stability of the pool at first sight of the new prices. There is much talk here, and most of it mere talk, I suppose, such for instance as the statement that one agency here sold 200,000 tons before pool prices came out.—Engineering and Mining *Journal.*
