TOWN AND COUNTY NEWS.

—Splendid dewberries in large quantities an being peddled in our streets at four cents per quart.

—A fair is in progress at Smithsburg for the purpose of raising funds for the erection of a town hall.

—New potatoes, which a few weeks ago brought as high as $2.50 per bushel, are now being offered at 40 cents.

—The first ripe peaches of this season, gathered in this neighborhood, put in their appearance during the present week

—One day last week Mr. James M. Ginn and Miss Minnie Cornyne, of Harrisburg, Pa., were married in the Caverns of Luray.

—Those of our farmers who have threshed their wheat report that it fully equals their expectations both in yield and quality.

—A firm from Bellaire, Ohio, will erect extensive glass works at Cumberland upon a lot donated by the City Council for that purpose.

—An additional spoke factory is being erected by Mr. John Reynolds in Hagerstown, on the corner of Walnut and Antietam streets.

—Ollie M, aged about 1 year and 9 months, daughter of Joseph and Laura V. Bender, of Sharpsburg, died yesterday at 12 o'clock.

—A fountain for the public square in Hagerstown is now being made, and is expected to be placed in its intended position very shortly.

—Mrs. Frank B. Carlin will continue the hotel business at the City Hotel and Dill House, in Frederick, lately under the management of her deceased husband.

—Messrs. Ecker and Thomas are now running Mr. Jacob A. Myers' mill on the Antietam, which has been under Mr. Lantz's management for the past two years.

—A lodge of Ancient Order of United Workmen was instituted in Hagerstown on Thursday evening of last week. The new organization is known as Royal Lodge No. 30.

—Farmers say that the recent frequent rains have improved the condition of the corn so rapidly that it can be "heard" grow late in the evening and early in the morning.

—The funeral of Clara S. Jackson, infant daughter of Benjamin and Mary E. Jackson, who died July 17th, of cholera infantum, was conducted at the home of its parents by Rev. C. A. Jones.

—Last Friday morning an inquisition in lunacy was held before Judge Motter upon a man named James Menson. The jury adjudged him insane and he was committed to Bellevue Asylum.

—As shown by our report of registration in another column, just about two-fifths of those entitled to register in District No. 1 availed themselves of the privilege during the first sitting of the officer of registration.

—Another weekly newspaper, edited by Messrs. J. D. Ludwig and Wm. A. Duncan, with Hon. John Sweney as business manager, will be started in Chambersburg about August 1. It will be democratic in politics.

—Rev. B. F. Cronise will conduct the following religious services on Sunday, July 23: Preaching in Sample's Manor church at 10 o'clock, A. M.; children's meeting at 1, P. M., and preaching in Marker's chapel at 3, P. M.

—On Wednesday afternoon a heavy thunder storm, accompanied by high wind and hail, passed in a south-easterly direction over this section of the county. We have not learned that any serious damage resulted from it.

The report that the Canal Presidency will be tendered Mr. Lewis C. Smith, of Hagerstown, appears to create very general satisfaction among the people of the County. The election will be held on the 17th of August.

—On Friday last a large excursion composed of colored persons from Waynesboro and points north, passed over the Shenandoah Valley railroad to Williams' Grove. The excursion was under the auspices of the Free Baptist church.

—Large shipments of Southern wheat are being made to Baltimore over the Shenandoah and Western Maryland railroads. The former road has ordered a large number of additional freight cars to accommodate its rapidly increasing traffic.

—The Shepherstown Manufacturing Company has contracted with Mr. Schueler, of, Hagerstown, to burn the brick, and with Messrs. Peter Mose and Edward Hebb, of Sharpsburg, to burn the lime for their building, now in course of erection.

—Rev. W. G. Herbert, a former pastor of the M. E. Church, at Sharpsburg, delivered a lecture in that church on Wednesday evening and also in Marker's Chapel on Thursday evening. The lecturer's subject was "Woman and Temperance," and his effort was highly adpreciated.

—At its meeting last week the Board of School Commissioners adopted the new American series of arithmetics which have been partially used in the public schools during the past year, to the exclusion of all others. The next meeting of the Board will be held on Wednesday, August 9th.

—The Shenandoah Valley railroad is doing an excursion business far in excess of that of last year. Every week there are three or four special trains to Luray. On Wednesday an excursion from Baltimore of nearly two hundred persons passed over the road, followed by another the next day from other points.

—Several persons in Sharpsburg have been enjoying roasting-ears during the past week. They were raised in garden patches, and the first of the season so far as reported.

—On Monday evening a literary and dramatic association was organized in Hagerstown to be known as the Wednesday Club. Its first public performance will be given in the Academy of Music during the first week in September next.

Accident.—On Tuesday while John Grove was engaged in hauling in wheat for Franklin Pry, near Sharpsburg, he fell off a loaded wagon and broke his left ankle bone. Dr. Biggs reduced the fracture.

A Heavy Mortgage.—A mortgage for $5,000,000, executed by the Mutual Union Telegraph Company in favor of the Central Trust Company, of New York City, was recorded on Thursday of last week in the office of the Clerk of the Circuit Court.

Struck by a Train.—On Friday evening last a colored man, named George Smith, of Shepherdstown, was struck by the north-bound train near the water tank at that place, mashing his foot and tossing him upon his head. His injuries, which are not of a serious character, consist of a lost toe and bruised head.

Postal Agents.—On and after to-day changes of the route of the mail agents on the Western Maryland and Shenandoah Valley Roads go into effect. Mr. Beard who has been running from Baltimore to Hagerstown and back will now go through from Baltimore to Roanoke, and Mr. Parker who has been running from Hagerstown to Roanoke and return, will also go through from Roanoke to Baltimore.—*News of the 20th.*

Painful Death.—A three-year old daughter of Mr. W. D. Bowser, living at Downsville, this county, while alone with an infant sister, yesterday morning, poured the contents of a liniment bottle over her causing the death of the child in a very short time. The sight of one of her eyes was totally destroyed and all efforts to counteract the effects of that which she swallowed proved fruitless. The motives which prompted the older sister to the act is not explained beyond a desire to amuse, being ignorant of the results.—*Globe of the 12th.*

Change of Time.—Another change of time has been made upon the Shenandoah Valley railroad which is decidedly inconvenient to local travel. The south-bound train, which stopped at all first-class stations and arrived at Sharpsburg at 1.48 P. M., might as well be off the road entirely, so far as our travel is concerned. This train now leaves Hagerstown at 1.55 P. M. and makes no stop between that point and Front Royal; consequently our people who go to Hagerstown on the early train must either remain there until 4 40 P. M., or come down on the Washington County Branch.

Wanted—A Park.—At a recent meeting of the Agricultural Association of Washington County it was suggested that the grounds be thrown open to the public as a park, except upon the occasions of the regular annual exhibitions. It is thought that a wealthy citizen of Hagerstown will donate ten acres of land, in addition to that already owned by the company, and beautify it with walks, drives, seats, fountains, &c, thus making it in every respect a local pleasure resort worthy of so enterprising and progressive a city as Hagerstown aspires to be.

Burglaries.—Nearly all our neighboring towns—notably Hagerstown, Boonsboro, Williamsport, Funkstown and Shepherdstown—are complaining of frequent burglaries, or attempted burglaries. In several of these places this business appears to take precedence of all other pursuits.—Those engaged in it display a pertinacity and enterprise far in excess of that exhibited by persons engaged in legitimate trade. The returns from Sharpsburg have not yet come in, although they are expected daily. The trouble appears to be that even this calling is infected with the stagnation that is pervading all branches of business.

The Dog-days.—The Canicular, or dog-days, which commenced on the 13th of the present month and will end on the 27th of August, derived their name from the rising and setting of Sirius, the dog-star—the largest and brightest of all the stars, and which is situated in the mouth of Canis Major. The rising of this star was supposed to be the occasion of the extreme heat and the diseases incidental to these days, although it was by mere accident that the rising of the star coincided with the hottest season of the year, in the times and countries of the old astronomers. In time, the star will rise in the dead of winter. The time of its rising depends on the latitude of the place, and is later every year in all latitudes, owing to precession.

Reform Needed.—Sharpsburg has four daily mails; it formerly had but two, and now that we have just twice as many as before the change, we are doubly worse off. Under the old *regime* our Baltimore mail arrived promptly over the Baltimore and Ohio railroad at one o'clock, P. M. Now it arrives by that route about once a week, and during the remainder of the time is brought over the Western Maryland railroad and arrives here at three o'clock, P. M., provided it is not carried down the Shenandoah Valley railroad, (which occurs about three times a week) when we receive it at four P. M. New York and Philadelphia mails arrive just one day later than before. Now surely there is some adequate remedy for this delay. We do not blame any officer in particular, but the system is at fault. Give us a change that will be an improvement, even if we have to resort to the methods of our grandfathers to obtain it.

Registration.—The following table exhibits the result of the first summer sitting of the registers in this county. The number registered is about one-third of the actual number entitled to registration:

	Dist.	White.	Col'd.	Total.
Sharpsburg	1	185	8	193

The Way it is Done.—We are informed that the Baltimore and Ohio Railroad Company extensively advertised an excursion to Island Park Harper's Ferry, which took place yesterday. In their advertisements the rate for the round trip from Keedysville was fixed at forty cents. Owing to the low rate charged and the prospect of a pleasant excursion, tickets were in great demand. When the company ascertained that the excursion was being so numerously patronized they sent instructions to the agent at Keedysville to charge seventy cents for tickets instead of forty, thus nearly doubling the rate. This created great indignation and the most uncomplimentary comments were bestowed upon the dishonorable action of the company with a liberality that testified to the earnestness of the speakers.

New Swindling Dodges.—Two swindlers are going about the country and their manner of operating is thus described: Two well-dressed scamps visit farmers and others selling cloths, cassimeres and shawls, almost for nothing, in amounts from $20 to $50, taking negotiable notes in preference to cash. They say a firm has failed in Canada and that the goods were smuggled in here without paying any duty on them, hence they can afford to sell them cheap. Next, sharper No. 2 comes along and demands the goods, saying they were stolen, and at others places presenting notes that had been raised from $20 to $200. Quite a number of farmers have been caught. We report to all our readers not to buy goods from strangers and under no circumstances to give notes to such. If you want goods buy from your merchants at home.

It is also reported that there is a fellow travelling around in rural communities offering for sale a powder which he alleges was made by Edison for the purpose of increasing the illuminating power of coal oil to that of electric light. He asks $3 a box for it. It is a fraud of the first water.—*Globe.*

Court Proceedings.—On Wednesday Judges Alvey and Motter occupied the bench for the purpose of ruling upon several motions for new trials and passing sentence upon Joseph Worthington.

The motion for a new trial in the Hoppe will case, removed from Carroll county, which consumed so much time during the May term of the Circuit Court, was overruled.

A new trial was also refused in the appeal case of C. F. Herr vs. Tobias Herr, action on open account.

The appeal case of the Chesapeake and Ohio Canal Company vs. William C. Ernst, continued from the May term, was submitted to the Court on an agreed statement of facts and the judgment of the magistrate reversed. The judgment rendered by the Court is for $20 in favor of the Canal Company, penalty for building a wharf into the canal.

The Court then sentenced Joseph Worthington to the penitentiary for four years from the date of sentence. Worthington was convicted about two years ago of the larceny of some goods in Virginia, which were brought to this State. His case was carried to the Court of Appeals, which decided in effect, that the possession, in this State, of goods stolen in another State, constituted a crime cognizable by our laws, thus affirming the rulings of the Washington County Court. Pending the action of the Court of Appeals Worthington has been confined in the county jail.

Tribute of Respect.—At a meeting of La Grange Lodge, No. 36, I. O. O. F., held on the evening of July 15, 1882, the undersigned having been appointed a committee to draft resolutions expressing the regret of the Lodge at the decease of their brother Jacob Irvin, the following were submitted and unanimously adopted:

WHEREAS, it has pleased the Sovereign Disposer of human events, in whose hands are the issues of life and death, to summon from our midst our beloved brother, Jacob Irvin, therefore be it

Resolved, That while we bow with submission to that dispensation of Providence which has removed from among us our brother, we rejoice in the hope that he rests with that Savior who was his support and consolation during all his years of affliction.

Resolved, That we deeply sympathize with the two grief-stricken daughters, the only surviving relatives of the family, commending them to Him who hath said, "I will be a father to the fatherless."

Resolved, That we attend the funeral of our deceased brother and consign his remains to their last resting-place, that our Lodge-room be draped in mourning and the brethren wear the usual badge of mourning for the space of thirty days.

Resolved, That these resolutions be published in the Boonsboro *Times* and Sharpsburg ENTERPRISE; also inscribed upon the minutes of the Lodge, and a copy transmitted to the family of our deceased brother.

Respectfully and fraternally,

JOHN P. SMITH,
SAMUEL SPONG, } Committee.
WM. M. HILL,

A Question for the Courts.—It will be remembered that a number of the acts passed at the recent session of the Legislature were signed by the Governor at the residence of Speaker Keilholtz, in Baltimore, during the latter's illness, more than ten days subsequent to the adjournment of the Legislature. Among others signed at that time was an act prohibiting the sale of spirituous liquors in the town of Finksburg, Allegany county, and some of the liquor dealers propose testing the legality of the act so signed. They applied to Judges Motter and Pearre for an injunction to restrain the authorities from preventing the sale of liquor within the corporate limits of the town, but it has been suggested that they apply to Judge Alvey, who will have an opportunity to consult upon the matter with the remaining judges of the Court of Appeals

The Public Schools.—The trustees of the Sharpsburg public schools held a meeting on Monday night and elected the following principal and assistants for the ensuing year:

Principal, Mr. George C. Pearson, of Smithsburg; First Assistant, Mr. C. A. Newlon; Second Assistant, Mr. John P. Smith; Third Assistant, Miss Alice V. Gower; Fourth Assistant, Miss Lizzie Alder, and Fifth Assistant, Miss Selina Grayson. The late principal, Mr. John E. Kelley, made no application for reappointment. The newly elected principal is a son of one of the oldest and best known teachers in Western Maryland, and ranks at the head of his profession in the county. He bears the highest recommendations from Mr. P. A. Witmer and Dr. Wm. Perkins, of Hancock, where he has been teaching, but where he cannot remain on account of his susceptibility to ague. Mr. Pearson has demanded and received at other places a salary in addition to that paid by the county, and a number of the patrons of the school have pledged themselves to raise him one hundred and fifty dollars over and above the salary.

The trustees also determined to erect a partition in the primary department, an improvement rendered necessary by its overcrowded condition and the presence of two teachers in the same room.

WASHINGTON LETTER.

The Adjournment Mirage—Work Before Congress.

[*From our regular correspondent.*]

WASHINGTON, D. C., July 15, 1882.

Prominent members of the majority in Congress are of opinion that the House will adjourn on Monday the 26th inst. It is thought there is not much disposition on the part of the House to force and prolong debate on the tariff question. On the other hand, if it shall be decided to take up the contested election cases it will be impossible to dispose of them before the first of August.

A meeting held immediately after the adjournment of the House yesterday, by the Republican caucus committee on the order of business, steps were taken to ascertain definitely how much time it would require to obtain a quorum of Republican members, so that if it should be thought advisable, the pending contested election cases might be taken up and probably disposed of before final adjournment.

The committee deferred action in the matter until the information can be obtained, when another conference will be held—probably.

The committee decided that the House shall proceed with the consideration of the Senate amendments to the General Deficiency Appropriation bill, and that the next order of business shall be the consideration of the River and Harbor bill as amended by the Senate. These two measures, it is thought, will consume two days.

Some of the members of the Republican majority have questioned the expediency of proceeding to the consideration of the contested election cases during the present session, but the prevailing opinion, as shown by the discussion in the Caucus Committee seemed to be that, if a quorum can be secured within a reasonable time, it will be to the advantage of the party to dispose of them. Should it be found that a quorum can be promptly procured, the arrangement will be to take up the South Carolina case of Smalls against Tillman on Tuesday or Wednesday next, and as soon as that shall have been disposed of to consider the report of the committee on Elections recommending that the seat now occupied by Mr. Shelley, of Alabama, be declared vacant.

By the time these two cases are out of the way it is probable that the South Carolina case of Lee against Richardson will have been acted on by the committee and will be ready for consideration in the House.

The eighth bill, numerically, of those on the speaker's table in the House is the bill to pension General Grant, which passed the Senate some months ago. Members of all political parties in the House who were asked about the matter to day gave general opinions that the bill would not pass the House this session. They believed that it would be laid aside in order to pass more important measures on the table which have already passed the Senate. Among these bills are the following: To provide an alcoholic liquor traffic commission; to investigate the amounts of money due United States citizens for supplies furnished the Sioux and Dakota Indians in 1860 and 1862; to provide for the conversion and redemption of ten dollar refunding certificates. These are the most important bills pending, but altogether there are nearly two hundred and fifty Senate and House bills on the speaker's table.
