THE ENTERPRISE.

FRIDAY, SEPTEMBER 8, 1882.

TOWN AND COUNTY NEWS.

—Should Vennor's predictions be fulfilled we will have no more warm weather this year.

—Letters patent have been issued to Mr. Emory Stonesifer, of Boonsboro, for an adjustable drill and plow shovel.

—Rev. C. A. Jones will preach in the Sharpsburg M. E. Church on Sunday morning and evening, at the regular hours.

—Hon. F. M. Darby, Assistant United States' Treasurer at Baltimore, has appointed Mr. Clem. Goodrich to a clerkship in that department.

—The Hagerstown Light Infantry, attended by Capt. McCoy's drum corps, will go to Baltimore Monday night, via the Western Maryland railroad.

—Last Friday morning was the second anniversary of the opening of the Baldwin House. During the two years of its existence it has entertained 33,840 guests.

—Up to the time of going to press this (Thursday) evening, twenty-three voters have been registered in this district, as follows: Tuesday, 7; Wednesday, 9; Thursday, 7—all white.

—The Bee-Keepers Association of Maryland, Virginia and West Virginia will meet in the County Commissioners' office in the Court House on Wednesday and Thursday, October 18th and 19th.

—William Hawthorne, who was convicted at the May, 1880, term of the Circuit Court of forgery and sentenced to five years' imprisonment in the penitentiary, has been pardoned by the Governor.

—A very large Sunday-school picnic was held near Locust Grove last Saturday. Music was furnished by the Rohrersville band and school organ. Quite a number of persons from Sharpsburg attended the picnic.

—The New York express on the Shenandoah Valley railroad, due at Sharpsburg at 8.33 p. m., Monday, did not arrive until 1 33 a. m., on Tuesday, a delay of just five hours. It was caused by a heavy landslide south of Front Royal.

—The officer of Registration will sit today, to-morrow and five consecutive days of next week, beginning with Tuesday. All who have not registered this year should take note of this, and not defer such an important matter longer.

—Last Thursday Hon. A. P. Gorman formally surrendered the Presidency of the Chesapeake and Ohio Canal to his successor, Mr. Lewis C. Smith. The transfer of the books and papers and the swearing in of the new president took place at Annapolis.

—Among the teachers appointed by Messrs. Ragan, Garlinger and Eavy, of the Board of School Commissioners, we notice those of C. T. Keister, of Strasburg, Va., and Miss Mattie Lakins, of Sharpsburg. Both of these teachers are appointed to schools in this election district.

—At their primary meeting on last Saturday evening, the Republicans of Sandy Hook district endorsed Louis E. McComas for Congress and Hon. Milton G. Urner for the Chief Judgeship. In their anxiety to let Mr. Urner down easily, they forgot that he is not a resident of this judicial district.

County Commissioners.—The only business transacted by the Board of County Commissioners on Tuesday was that of making appropriations for the repair of roads washed by the recent rains. Their next meeting is set for Tuesday, the 19th inst., when they will appoint judges of election for the county.

Felonious Assault.—William King, an employe of Jacob Strite, a farmer living near Fairview, was seriously beaten with a club on Wednesday of last week by Samuel, son of Jacob Strite. It is feared that King has sustained fatal injuries. A warrant was issued for the arrest of young Strite, but up to this time he has not been apprehended.

District No. 1 Ahead.—Several of our exchanges have been noticing curious and abnormal growths of corn. An example of phenominal development was shown us this week, which, we think, exceeds any yet reported. Caleb Michael, residing near Sharpsburg, found in one husk twelve ears of corn, eleven of which were nearly perfect in formation, but the twelfth looked sadly neglected by nature. Eleven ears were grouped around one central ear, which was of medium size and well filled.

How the Laws are Used.—Last Monday evening Martha Young was arrested for swearing at John Ward and taken before Justice Miller, who fined her one dollar and costs. This proceeding was under a state warrant. Not satisfied with one punishment for a single offence, proceedings were instituted against her under a corporation ordinance on Tuesday, and she was again fined by the same magistrate. This, of course, was unjust to the last degree, but whoever knows the persecutor can understand the bitterness of the persecution.

Orphan's Court Proceedings.—*Friday, Sept.* 1.—Letters of administration on the personal estate of Elizabeth Mason, deceased, granted unto Jere. Mason and John Bair.—J. H. Jones, guardian to Harry Jones, settled seventh account.

Tuesday, Sept. 5.—John T. Halbach, administrator of Mary J. Halbach, deceased, filed inventory of appraisement of the personal estate of his decedent.—H. H. Keedy and Chas. W. Adams, administrators of Col. John Miller, deceased, filed List of Sales of part of the personal estate of their intestate.

Snakes.—Last Friday Samuel Hebb, residing about two miles from Sharpsburg ploughed up and killed twenty copper snakes, and he wasn't snakehunting either.

Heavy Yield of Wheat.—Mr. Henry C. Mumma, residing near Sharpsburg, raised upon nine and three-fourths acres of land, by actual survey, four hundred and fifty-two bushels and thirty-three pounds of wheat, an average of forty-six bushels and twenty five pounds to the acre. The wheat raised was of the Lancaster variety.

Gold Medal Premium.—Mr. Thos. Taggart, the former owner of the celebrated Jersey cow, Value 2d, has notified the Agricultural Association, of his intention of providing at his own expense a handsome gold medal, to be awarded as an additional premium to that offered by the Association to the herd of Jerseys receiving the first award at the coming annual exhibition.—*News.*

Sale of Personal Property.—Saturday last auctioneer Staubs sold for Sheriff Knepper a lot of household and personal property under an execution issued against the goods and chattels of Reuben and Amanda Poffenbarger, at the suit of John and Lydia Zimmerman and James Marker. The sale, which was made simply with a view of saving costs, amounted to twenty-six dollars and six cents.

Democratic Politics.—A meeting of the Democratic County Central Committee was held at the office of Mr. Samuel B. Loose, in Hagerstown, on Tuesday, when it was determined to hold the primary meetings on Saturday evening, September 16th, and the County Convention on Tuesday, September 26th, in Hagerstown. At this convention delegates will be elected to both the Judicial and Congressional conventions. The Judicial Convention will meet in Cumberland on October 5th, and the Congressional Convention at the same place on the 12th of October.

Very Unwomanly.—A dispute having arisen between Mrs. Alice Swain and Hannah Spielmam, the former assailed the latter with a perfect torrent of billingsgate. Their tongues wagged fast and furiously, until Hannah found herself worsted in the conflict of words, when she applied to Justice Miller for a warrant against her antagonist. The warrant was issued, and Constable Pennel arrested Mrs. Swain and took her before the magistrate, who fined her one dollar and costs, amounting in all to three dollars and ninety cents.

The South Mountain Monument.—The *Daily News* says, "The committee having in charge the collection of funds to complete the monument, have met with most remarkable success, sufficient funds having been subscribed to complete the work and place the grounds in proper condition for visitors. The work is being pushed as rapidly as possible and soon the rebuilding will be a thing of the past. Mr. Benj. Chambers, of New Orleans, a former citizen of this place, forwarded twenty-five dollars to the committee, which had the effect of booming matters considerably.

Sale of Bonds and Stock.—On Tuesday Messrs. H. H. Keedy and Chas. W. Adams, administrators of Col. John Miller, deceased, sold at public sale in Hagerstown the following stocks and bonds: One $500 Washington County School Bond, due in April 1885, bearing interest at 6 per cent, at $105.50—$527.50. One $500 Washington County School Bond, due in April 1882, bearing interest at 6 per cent, at $104—$520. Eleven Shares of First National Bank of Hagerstown Stock, par value $10 per share, at $18.10 per share—$199.10. Fifteen shares of same, at $18.05 per share—$270.72. Seventy-four shares of same at $18 per share—$1,332. Eight shares Hagerstown and Sharpsburg Turnpike Company's Stock, par value $20 per share, at $15.75 per share—$126.

Deaths.—On Saturday, about 5 o'clock Mrs. Elizabeth Beeler, widow of the late Peter Beeler, and one of the oldest residents of Sharpsburg, died after a protracted illness. Her funeral sermon was preached Monday afternoon, by Rev. C. A. Jones, and her remains interred in the Methodist burying-ground. Mrs. Beeler was nearly eighty-three years of age.

On Sunday, September 3rd, Jesse William, infant son of James and Delana Delauney, died at the residence of his parents in Sharpsburg. The funeral services were conducted by Rev. B. F. Cronise. This is the same child whose collar bone was fractured several weeks since, an account of which accident appeared in the ENTERPRISE.

Mr. Martin Baughley, of Downsville, died at his residence on Tuesday, aged seventy-five years. Mr. Baughley was a well known and highly respected citizen of that place.

Republican Primary Convention.—The Republicans of District No. 1 met in convention on Saturday evening, September 2, in Good Templar's Hall, Sharpsburg, to select ten delegates to attend the county judicial convention held in Hagerstown on Tuesday, and ten to represent the district in the county congressional convention to meet in Hagerstown next Tuesday. The convention was organized by the election of J. C. Wilson, President, and Charles G. Biggs, Secretary. The following delegates were chosen to attend the judicial convention: Charles G. Biggs, Millard F. Smith, John W. Fisher, Jacob Baker, William H. Boyer, Samuel Hebb, Jacob R. Edmonds, Samuel Show, John D. Roulette and Elias Spong. To attend the congressional convention: James Snyder, Samuel I. Piper, J. C. Wilson, Samuel D. Piper, J. C. Bolinger, Charles W. Adams, Samuel Mumma, John Benner, Albertus B. Cronise and John W. Jackson.

Almost a serious Accident.—On Tuesday evening the hind car on the Baltimore and Ohio train leaving Hagerstown at 4.45 o'clock, broke loose on the high bridge over the Antietam near Keedysville, and the connecting rod of the brakes dragged, tearing up the ties on the bridge and causing considerable consternation among the passengers. The balance of the train ran for some distance before the accident was discovered, when it returned and the car was recoupled only to have the accident repeated about a half mile further down the road. Nobody was hurt, but the danger was imminent, the bridge being ninety-five feet above the water.

Death of an Aged Circus Pony.—The pony that was presented to D. Burk. Hager, this city, about sixteen years ago, by the veteran showman, Daniel Rice, during a visit to this city, died yesterday morning, having reached the advanced age of thirty-two years. The pony was taken from the circus ring and presented to our young townsman in acknowledgment of a friendship that arose between the showman and Master Burk., and has been retained in the family as a memento of that friendship. Although retiring from the arena of professional life, the pony has, upon various occasions, been employed to gratify the desires of amateur showmen of this city, and in this manner he became a great favorite among the youthful portion of the community.—*Globe of the 2nd inst.*

Our Mails.—Efforts have been made by our postmaster and the editor of the ENTERPRISE to effect a modification of the present mail system, so far as it applies to this postoffice. At one time we thought we had succeeded, but the confusion in the delivery of our mails that we have complained of so frequently is again upon us in an aggravated form. There is now no certainty when we will receive our Baltimore and Washington mails. For example, the Baltimore daily papers of Monday were received here Tuesday afternoon. The reason of this delay is that the mail is carried past Keedysville, on the Washington county branch of the Baltimore and Ohio railroad, to Hagerstown, and transferred to the Shenandoah Valley railroad. On this road it is transported past us again, and as a consequence, we do not receive it until twenty-four hours after the time at which it should be delivered. Now the remedy is a simple one, and one which we have repeatedly urged, viz: That the Baltimore and Washington mail be forwarded over the Baltimore and Ohio railroad to Keedysville and transported from that point to Sharpsburg by the regular mail route. We believe the trouble originates on the Washington County Branch by the failure of the mail agent to distribute the mail between Weaverton and Keedysville. There is no necessity for this, as the same work was done and the mails delivered regularly before the opening of the Shenandoah Valley railroad. A copy of this complaint will reach the Postmaster General and we hope to see an improvement in the near future.

Republican Conventions.—The Republican convention to nominate five delegates to attend the Judicial Convention, whose time and place of meeting are noticed elsewhere in this article, convened in the Hall of the Hose Company's new building, in Hagerstown, on Tuesday morning last, at 11 o'clock. The convention was called to order by Albert Small, Esq., Chairman of the County Central Committee, and Mr. Henry Ranger, of Funkstown, was elected temporary President and Mr. Charles G. Biggs, of Sharpsburg, temporary Secretary. A committee of one from each election district was selected by the respective delegations to pass upon the credentials of delegates, to submit names for officers of the permanent organization, and rules and regulations for the government of the convention. A collection was taken up to defray the expense of renting the Hall for the present and the County Congressional Conventions. The committee on credentials, &c., reported the list as published by the *Odd Fellow* correct, with the exception of the delegation from district No. 9. They submitted as officers for the permanent organization—President, Mr. Henry Ranger; Vice Presidents, Messrs. John Hefflebower, of Sandy Hook, and George W. Harris, of Hagerstown; Secretaries, Messrs. Charles G. Biggs and John M. Mentzer, of Hagerstown. As rules the committee offered the following:

1st. Each district shall have the right to nominate a delegate to the Judicial Convention, the whole number to be voted for by the present convention, and the five receiving the highest number of votes to be duly accredited delegates to the Judicial Convention.

2nd. The rules governing former Republican conventions shall be adopted as the rules for the government of this body.

After the adoption of the report nominations were made for delegates, and balloting thereon resulted as follows: Charles G. Biggs, 200; Henry Ranger, 180; John W. Trueman, 168; William M. Lantz, 178; George W. Harris, 190. These gentlemen were accordingly declared the duly elected delegates, after which the convention adjourned.

The convention to nominate Republican candidates for the Chief Judgeship and one Associate Judgeship in the Fourth Judicial Circuit will convene Wednesday, September 13th, at the Hose Company's Opera House, in Hagerstown. The reception committee is as follows: Messrs. Albert Small, Charles W. Adams, Wm. D. Kelley, Will C. Edwards, Charles F. Little and Charles D. Knepper.

The Republican convention to select delegates to attend the Congressional Convention will also meet at the same place on Tuesday, Sept. 12th, at 11 o'clock, a. m. The Congressional Convention will assemble at Frederick on September 20th.

Lutheran Church Affairs.—A Funkstown correspondent of the *Daily Globe* says, "In the Lutheran Church, at a congregational meeting, the question was brought up of redistricting this charge. At present it is made up of Bakersville, Funkstown and Beaver Creek, and now the object is to attach Bakersville to Sharpsburg and have this charge to consist of Funkstown and Beaver Creek. But it seems the proposition was voted down, the vote standing 30 against 5 for the charge.

Mr. Herman Kemp has raised about one thousand quarts of Lima beans, of the California variety which he is disposing of at market."

The Public Schools.—At the opening of the public schools on Monday morning two hundred and thirty-one pupils were in attendance, distributed as follows: Grammar Department, Mr. G. C. Pearson, Principal, thirty-three; in the First Intermediate, Mr. Charles Santee, teacher, sixty-three; in the Second Intermediate, Mr. John P. Smith, teacher, thirty-one; the remaining one hundred and four were in the Primary Department, Misses Alder and Grayson, teachers. The colored school, taught by William Nelson, opened with twenty scholars. The school at Antietam Iron Works, Mr. O. T. Keister, of Strasburg, Va., teacher, commenced with twenty-one scholars, and the school on the Red Hill, taught by James Samons, with twenty.

Corporation Election.—On Wednesday an election was held for Burgess, Assistant Burgess and Five Commissioners of Sharpsburg to serve one year. Two tickets were in the field, but the election passed off almost unnoticed, no interest whatever being exhibited by the candidates on either ticket. The vote polled was a light one—only 64. The tickets, with the votes received by the respective candidates, were as follows:

FOR BURGESS,

R. W. Grove	54	Moses Poffenbarger	10

FOR ASSISTANT BURGESS,

J. S. Barkdoll	54	Ezra Marker	10

FOR COMMISSIONERS,

Moses Poffenbarger	54	Joseph Bender	10

LETTER FROM CALIFORNIA.

WOODLAND, CAL., Aug. 30, 1882.

MESSRS. EDITORS:

Thinking that a letter from here in the columns of your valuable paper would be interesting to many of your readers who have friends and relatives seeking their fortune in this distant land, I will endeavor to fill the role of correspondent. We have had exceedingly warm weather during the day, the mercury registering 112° F. in the shade, but the nights are so cool that one can sleep comfortably under a pair of heavy blankets. Many of the ranchmen have finished their season's work. Harvesting, theshing and storing away grain being completed, they are now sitting around waiting for the appearance of the annual rain-clouds which moisten the land so that it can be ploughed and cultivated. A few persons on the plains complain of a short crop, while those living along the river where the drougth did not injure the grain had an abundant yield, the wheat in many instances turning out better after thresbing than was anticipated.

Woodland, the county seat of Yolo County, is said to possess more wealth than any other town in America, in proportion to its population. Its growth is rapid, and it is thought that the time is not far distant when it will be classed with the inland cites of the United States. Not many years ago a vast forest stood on its site; but the enterprising pioneer discovered the advantages of the situation and the unsurpassed fertility of the surrounding country, and the woodman's axe began the work that has resulted in a beautiful city, with its shade trees, innumerable flower yards and a population of four thousand.

Mr. Washington C. Snavely, formerly of Sharpsburg, where he is well known, was seriously injured by being kicked by one of his mules, causing a fracture of the femur just above the knee, in connection with a complete dislocation at the knee joint. It may result in giving him an immovable joint. The attending surgeon says he is doing well as could be expected.

Yours, &c.,
ANON.

MARYLAND ITEMS.

—Jacob Shea, of Baltimore, was struck by William W. McComas in that city, on Monday evening, with a paint brush on the left side of the head. The blow severed a branch of the middle meningeal artery, causing a clot of blood to form and press upon the brain, which resulted in his death early on Tuesday morning.

—A colored man named James Gaines was killed near Newburg in Charles county one day last week in a singular manner. He was standing on the trunk of a tree he had just felled, lopping off its branches, when he slipped, striking his neck upon the edge of the axe and severing the jugular vein. He died before any assistance could be rendered.

—The total shipments of coal by canal during August were 226 boats, carrying 25,027.18 tons of coal and 53 tons of other articles. The revenue was about $13,000. Compared with 1881 the decrease in the number of boats was 359, in the number of tons, 26,027.18: in the amount of revenue, $23,000.
