that there is a great deal of dissatisfaction in the city about the present officers for that occupation, and it is thought there will be many complaints lodged, but who or what they are, I cannot say I have been credibly informed so, you can be able to ascertain this shortly yourselves if there is any prospect of a change and also examine your humble applicants cause I have no other means of supporting my large family of children only by the small little business called Bag making. I expect to be down or send down to Annapolis all my recommendations to you both in charge of me, meet your approbation to take them in hand I should be glad to hear from you or either of you on the subject, only a few words whether I had best make my appearance or send
