town on the subject. I suppose we shall have a meeting soon to fix upon delegates. I shall be obliged to leave home for Baltimore 15th inst. to attend the Circuit Court at Baltimore. and shall return before 7th proximo and shall not be able (and I regret it) to attend the Convention in person. I shall however write to several leading gentlemen in several parts of the County before I leave home. I am glad to learn from our friends in Baltimore that you will serve if nominated

very truly yours
