Gen. T. Emory,

Respected Sir,

Understanding that the Directors of the E. S. Rail Road will hold a meeting on Tuesday the twenty second of May; I venture to solicit from them any agency that they may be pleased to grant me: Should they want any sub-secretary, clerk or supervisor on any part of the route, I would thankfully and with alacrity enter immediately, if required, upon the duties appointed. Should they require any agency in the disbursing department, I would give them good and satisfactory security.

By your kind attention to the above solicitation, you will confer a lasting obligation on Your's most Respectfully

Joseph Wright.
