Philad.a May 30th 1838

Dear Sir,

After receiving your letter I visited Capers Stony to ascertain whether your mares were done with the horse and they might be safely taken home - The groom reported from his Book the following -

" Gen.l Emory's three mares were covered by Mazeppa as follows

" Grey Mare covered 13th of April 1838 -
" " " again " 10th May - "
" Bay Mare " 22d April "
" " again " 19th May "
" Sorrel Mare — " 26th April " not since -

" They have been regularly & lately tried, & have " refused -

From your letter I presume that should neither mare show symptoms of wanting the horse before your groom shall arrive, we may conclude that they are done with him - But should either of them take him in the mean time, it will be for you to decide whether that mare shall remain at the stand some time longer - The season is now fine -

Very respectfully Yours
P. S. Greene

Genl. Thos. Emory
