Should you think proper to entrust your Colts to my charge, I can only promise to use my best exertions to bring them forward, and that barring accidents they shall certainly be shown in good order. They shall be sent South or North as you may advise, and should you conclude to send them to me I hope to have the pleasure of seeing you at my house during the training season. If you have no boys I can procure them for you at from 6. to 8 $ per month. Be pleased to answer this by early mail

Very respectfully yours &c.

Geo. Goodwyn
