My dear Emory

Your of the 13th Inst came to hand yesterday morng enclosing the Check and other papers relative thereto, in consultation with Mr Hawkins, I have for the third time ventured to send on this 500 $ Check for payment, after having attached the Celebrated order thereto by a wafer — see cannot see how it can otherwise than be now honored: Mr Hawkins tells me that he himself with this same concern fell into precisely the same error that you & I did — How is any man to know, that the order must be returned with the Check — I have mentioned this matter to other Gent they are say they would have acted as we did — whether the Check be paid or not I return you the draft on Mess. R & P Peabody, because I see it might be very useful for you to appropriate the amount in Europe — your Note is not due until to-morrow when it shall be renewed for 500 $

Your wheat will I hope arrive at a good market the article has advanced @ 15 c since red. White D° 160 Cts Corn sold yesterday @ 100 Cts this day it has declined @ 95 @ 96 Cts the opinion is that it will fall to 90 Cts however
