Let me hear from me by the return hand
with best wishes & grateful recollections to your parents

I remain
Your friend
Wm R Stuart

Thursday Nov 16th Dear I learn that some
was told last evening (a pack) that is I was going
to say disgraceful to us; it certainly is mortifying
to an upright mind; but the truth is we
have too many Commission Merchants who do not
pay proper regard to things, that is they want a
proper reflecting mind & are too easily led off
by circumstances or imaginations

Adieu
