that, in consequence of the difference in the stan-
dard of instruction in the different colleges,
our statutes require even those from other
colleges to be examined before admission, &
their position is determined by the result.
The examination however is always conduct-
ed gently — with due regard to the embar-
rassment of the applicant.

The pleasantest route from Baltimore now, — is
by rail road to York — thence 25 miles by
stage to Harrisburgh: — thence by rail road
18 miles to Carlisle. In going down one oc-
cupy but a day; — in coming to Carlisle how-
ever, it would probably be necessary to stop
over night at Harrisburgh. Fare through to Carlisle
$4.75. If however Albert brings his bedding
&c. with him (which he should by all means)
it would perhaps be better for him to take the
direct stage (Stockton & Stokes), which leaves, at day break on Mon-
days & Thursdays & arrives here the next morning:
fare $6.00. The same driver comes all the
way through & is a most trustworthy man.
