Dorr's Case — Cashiered by the Court — but the President remitted the Sentence to twelve months suspension from all rank &c in consequence of the peculiar state of Dorr's mind — Wharton is trying to transfer with Hoskins of the 4th —

With regard to the arrangements of this post — "B" Co. 2nd. Dragy occupies the stables and quarters that "I" Co. Dragy. had — Hendrickson has the qrs. that "G" of the Dragy. had — Andrews has the qrs. formerly occupied by "E" and the "Bs" are still in the shed where you left them — and when they suffer a good deal with cold — I am in hopes they will get into qrs. in a few days as the Dr. Master is hard at work at "K" Co.s old qrs. Making a new foundation on the back side, As soon as he gets it finished we move in —

A thing that should have been done a month ago — but it is like every thing else that Old Loomis does — he has put it off until the very last moment — He got a rap about the Clothing thank fortune, and was directed by Gen. Taylor to use all exertions to get it here Whereupon he ordered Dr. Simmons to proceed forthwith in search of it — Simmons has returned and the Clothing is not far below this in a Steam Boat — We are in hopes of getting it daily — Our men are nearly naked

If you can make any thing out of this scrawl you are welcome to it — I have to write fast as they are having down hill as they order me

and I should not be astonished if half of them deserted, now they are paid off — We have got the whole Newman family again except the Old Sergt. — nothing has been heard of him — I tried my best to prevent Reed from getting in the Co. but could not succeed — Wharton knowing promised him at Jeff. Barracks that he would try and get him in the Co — Ogden has left for Florida to do duty with his Co. and play Dr. Mr. at the same time — I have relieved him as Commissary — I suppose you have seen the Order relative to the Dr. Mrs.

Ritchie comes to his Co — We have heard from all the posts lately, when the 6th is stationed —

The fellows are very well pleased at Ft. Smith and at Gibson — Eder says that Nelson is knocked flat by a lady at Gibson (that is he is in love) — Old Bell has not yet arrived he is some where in Red River with it family — he is bringing out two very pretty daughters — Calhoun is stuck at Washita in Comp of Bells Co. he will come back here as soon as Bell arrives —

Stay away as long as you can for Old Loomis makes this a very disagreeable place —

We all have horses except Hendrickson but no bridles and saddles — When you come bring yourself here equipments for there are none to be had any where about here —
