My dear uncle,

On the opposite page you have a statement of Albert's expenses, such as we usually send out with our monthly reports. It is sent that, ~~if necessary~~, you may make any any questions you think proper respecting his expenditures. I have neglected, specific, to include ~~it~~ in it, the college fees for the spring, which shall be reported in the next.

I have not time to write more at large at present. Albert seems to be quite contented, & appears in excellent health.

Present me aff. to the family

Very truly yrs

Robt. Emory

I was surprised to learn from Uncle Saml. that your note, which I sent to him, had not been taken up.
