Feby 1826.

Sir.

I have just recd. yours and in answer have to say that you have been very incorrectly informed as to my conversation on the subject of the sale of Mr. Hinsley's property, - I certainly never did say that I attend that sale prepared to give $8. for acre or any other sum, - I will remember I agreed with others that it was sold very low, and from that circumstance and so little opposition in bidding I thought it probable you might be bidding on behalf of Mr. H. and had I made a bid it would not have been with any wish of becoming the purchaser, unless the amount could have been applied to the benefit of my Lndgt. - I therefore do not wish now to purchase at any price. -

Respectfully Yours &c
