

over the kerb by an officer of this district, beg leave to state that I called on the signers of this petition and they have informed me that the garbage man has been taking the garbage from the rear for 35 years very satisfactorily.

I also had a personal interview with John E. Gist, the district superintendent for the removal of garbage who states that he will put a run over this kerb or have Mr. Fendall lower the kerb, which will facilitate the removal of garbage and there will be no cause for complaint in the future.

Respectfully,
