John Stephenson Esq

Dear Sir

Philadelphia 27th Oct 1829

I believe I am relieving the uneasiness I have had writing — but the contents may lead you to expect an early communication from him in reply. I have thought it advisable to acquaint you that my son left Paris in August on a tour of Pleasure & to the extreme Sun in your first letter he intimated when he is still considering whence it is probable he may not return in less than four or five weeks from this time —

I shall forward the letter taken by the Pennsylvania Mail which he will receive, if he chose to stand he at Pittsburgh, in four days from tomorrow — if he should be in Ferrie County, it will take longer time to reach him — I mention this circumstance that you may not be disappointed in not receiving an answer from him —

With sincere Esteem

Your obt. Serv.

Thos Cunningham
