the Gun and other things, I must differ with you, as you thought Joseph not to offer the property at Bender he all ought to be on a footing, it was but little I wanted, the Gun flask & Bag. the large Chest the 4 Vessels and a little stew pan, and a piece of Petrified wood that was made use off by poor Much beloved Relation as a Sugar cracker, but not with 10 p. cent added to the Valuation. I applyed to Mr. Cunning for his acct of expence under my trust he told me he had made out the whole accts for you, I will thank you to furnish me with the acct of expence that he charged to me, I want to settle my acct with Court that I may pay over to you what I shall have left.

I am Very Respectfully
Yours
Thos. Hemsley
