Colo. John Telghman

Sir

On the other side I send you a Copy of such part of your letter as relates to the property you got from the Forest. as the other part of your letter had no reference to the subject I thought you would not want it. I wish very much to get my acct settled on Saturday with the Orphans court, if you will meet me in Centre ville and I can get my acct settled I will pay over to you what the court directs

Respectfully
Yours
