

To The Honorable,

The Board of Police Commissioners.

Gentlemen:-

In connection with the death of one Peter King which occurred in the Southwestern District Station-house on the night of September 12th., 1911, I beg, respectfully, to state that I referred this matter to Captain McGee for a further and rigid investigation.

From the additional reports submitted herewith it will be noted that the hospital authorities refused to admit King, stating that after an examination they could find nothing the matter with him save that he was under the influence of liquor. It was natural, of course, that the only thing left for the officers to do was to take him back to the station-house where his death occurred.

After reading these additional statements I cannot see where any of the officers of the Southwestern District were negligent in their duty, or that any blame can be attached to them.

I would respectfully recommend that the matter be filed without further action.

Very respectfully,

THOMAS F. FARNAN, Marshal."

(See Exhibit No. 3566.)
