there for some time before I knew it, and in a second statement you will perceive I have charged myself with interest on the same from the date of the deposit to the time of making a payment of 500$ viz from 25th Sept 1824 to 4th Dec 1829. — when Mr Hamilton made me a payment of 100$ This second statement I found absolutely necessary to show the whole amount I have paid as security and what has been refunded by Mr Hamilton for my judgt agt him principal & interest, which could not be come at by an examination of my settlement with Mr Brown. — These statements I wish you to file with the copy of a paymt by Mr Hemsley to me already sent you. — Please examine them when you have as much time & inform me if I have adopted a just principle; must then require Mr Hemsley a note bearing interest from the date of my settlement with Mr Brown; Should you require any further explanation I will give it you. Mr Hemsley should know of this business & you can take the statements to Sherwood when you go down and inspect them together, or I should like to see you both at my house when we could look over the originals. — Our united regards to your good wife & family. —

Yrs, respectfully

Wm H Filgtmson
