Instances to bring up Messrs Brown & Wright, from these several reasons you will at once see how we were all behind at Dixons, our highest polls at Dixons heretofore were 333. this election it was 353. a difference of twenty. Some of my friends have advised me to contest the election as 3 votes will secure my election and 7 that of Doct Wrights, but I am opposed to it, having such a large majority in the house, I am content for the Jackson party to have a few, least our friends might become inactive and cause us to walk the chalk next fall. I have been down in Caroline but did not see any of the delegates except Mr. Burchinal who is decidedly my friend, and assures me of the rest, If you should see any of the Talbot Delegates, I shall esteem it a favour if you will mention me to them, and to such others as you may see, The Jackson men here are down, down, down and I am inclined to ~~the~~ think never to rise again, Sudler tries to force a smile but it's a bitter pill, A. E. Sadler thinks the people have not been pleased with General Jackson's policy, he says "there is something rotten in Denmark" to which a friend of ours, Mr. P. Roberts replied, "yes Sir, there is, and General Jackson is the Denmark — I hope my dear Sir, that the poor old cake woman after this will be at liberty to vend their cakes without first having to pay license. — Be pleased to present my best respects to my friends in your district and assure them of my grateful feelings for the liberal support they offered me this fall, and that I will endeavour on all occasions to prove true to their interest.

Mrs Seager is just recovering from a serious spell of the Billious, otherwise I should have availed my self of the pleasure of paying you a visit, I shall however be at C. Ville in a few days and if not too much hurried will call on you, I should be happy to see you at my house, and hope you will not make it long before you visit your old friends,

With sentiments of respect
I am dear Sir
Your ob Servt
