Philad.a 2.d May 1833

Dear Sir

I find upon examination that the note for $160- given by Bramble, was deducted in the Settlement made with him - which I consider as a final one —

As regards the Estate of the late Ch. Justice, generally, the matter is in the hands of Mr. Binney and the other Counsel employed — who are endeavoring to make some arrangement —

In the mean time, nothing of Consequence can be done by me —
