Dear Sir

Baltimore 11 May 1833

I have received your letter with the enclosure 15 $ and am perfectly satisfied with the arrangement you made.

I will thank you to ask Wm Carmichael Esq if he received my letter, I wrote to him some time since on business but have received no answer. Juliana has been unwell for some days Thomas & Little. I have the whooping cough I believe the former certainly has it they are however getting better

Remember me to all

Yours
Henry Rice
