Natchez June 4th 1835 –

John Tilghman Esqre
Centerville – Md

Enclosed is the original draft in your favor of the Agricultural Bank of Natchez for $410. on the Bank of North America, Phila – according to your request. We have just come into Natchez to take our passages up the river, and preparing for this has made more delay in making you the remittance than I could have wished – The duplicate I shall take on with me, so that if the original should miscarry, the other will be safe. If we travel according to our arrangement we ought to be in Baltimore between the 5 & 10 July. If we do not see you, as I intend, you can learn whether we have passed through Baltimore or not, of Isaac Monroe, Esqre the Editor of the Patriot, whom I hardly can fail to see. All our hired servants were well when we left the plantation.

Respectfully, your obedt. servt.
S. Henry Owen
