

In behalf of the Cracker-Jack Socials, I am again going to ask your good offices to extend us the same courtesy which you did last year, namely: to allow us to conduct our soiree and hop until 4 o'clock a.m., November 13th., 1911. As stated before, the officers of the Social, as well as those attending, are all connected with the theatrical profession and therefore unable to attend the entertainment until after 11 o'clock p.m. then again, we have quite a contingent coming from Washington, D.C., who will not reach the city until mid-night; hence our request to be allowed to continue the entertainment until 4 a.m. in order to give those attending two more hours of recreation.

With the assurance in advance that it will be much appreciated, I beg to remain,

Very truly yours,

HARRY G. KIPP, Chairman."
