Dec 16th 1842

Jackson, Mi. Dec. 16, 1842.

Dear Sir,

On 16th inst. I enclosed to Judge N. Biscoe from N. Orleans a draft for $3,000. at 60 ds sight, drawn by Saml. Harrison on Mr. J. Harrison, at Balt. & made payable to yr. order. I enclosed it to Judge B. with a request to have it accepted, & then to be sent to you, with the letter of advice attached. I presume that the first, thus sent will arrive in due time; if not, inform Mr. Saml. Harrison, at N. Orleans, who will forward the third, the second being in my possession.

Seventh (unnumbered) you have a check on the Bank of Balt. for ~~$800, in part the balance~~ eight hundred dollars, which will be paid as soon as the other draft. It is drawn against a draft sent to the Bk on 17th inst. from N. Orleans, drawn by Michael Moore on George Law, Esq. at 60 ds sight, for $1000. & assigned by me to C.C. Jamison, Cashier &c. The second is in my hands.

I apprized you that I had recd from Capt. Austin the balance in full of $4,314. I have now remitted to you $3,800. leaving in my hands a balance of $574, for expenses & other necessary purposes. This sum or more I might justly claim for my services and incidental expenses (not charged) in this matter since 1836, but I shall make no charge for services further than to allege it as a sufficient reason for my using a small portion of this fund for a time, as without it I shd not have been able to attend to the business in person. Of the moneys recd by me, after deducting necessary expenses there will remain about $500 for the use of Mrs. A.C.T. if the Mortgagees be otherwise paid, or for their benefit, if they be not paid from other funds. I am personally responsible for this, though it be not used on my personal account.
