Chester Town April 4th 1845

Dr Col. J. Tilghman

Dr Sir

I presume you have ere this received my letter of the 28th Ultimo, a want of time prevented me then from replying to your letter of the 13th of last January, & I regret that indisposition prevents me from doing so now, & I can only write a few hurried lines on the subject of our elections as I had promised Henrietta and her Brother Wm on tuesday last, that I would do so before the expiration of this week — she owes her Brother, (for his negro-woman & here) & she requested me to say to you that she is much in want of her portion of the claim agt Mr James Tilghman, (& Wm also) and they are anxious to know when the balance will be paid, and we hope you will oblige us by sending up a statement of the amt now due Wm will leave here very soon with his Brother Lewis — in order to make a settlement in one of the new States & therefore I am desirous of collecting all the funds that can be paid between then & the 20th of August next

I must make the claim agt you the subject of another letter, when I will enclose a list of balances, found I believe since the fire in Mr Tilghman's hand writing

in haste very respy yr

R. Tilghman

Pd — If you think proper Anthony can remain for the statement as Wm intends leaving here next monday 7 Inst — and wishes very much to know the balance due from the estate
