My dear Sir

My disappointment in the receipt of money obliged me to write to you more urgently than I could have wished & I now return you my thanks for your attention to my request — I rec'd your letter of the 17th ult. not quite a week since covering a check for $150 — Mr Barrol informed me that it was some days at his store before it was forwarded by him — I want you to try the Guano & a few days ago a pamphlet has been published by a gentleman & if I can get a copy of it, it will give pleasure to send it to you — I have not been in town for several days & have been the greater part of the winter confined, often to my chamber & sometimes a week or two to my bed — I can thank God my health is indications of returning health

I am Dear Sir very truly
