New York June 13 1853

Dear Sir

Yours of the 10th Inst. covering a check of nine dollars on Merchants Bk. Balto. is received. We do not doubt your statement of having paid one of the years charged in our a/c although the money appears never to have been received at our office. And therefore we have, as you will see by the enclosed receipt, given you credit for an advance year in its place – during which time you will be good enough to allow us to serve you with our work.

Very Respectfully Yours
