				$29.00

Baltimore 12th Decr 1833

Mr John Tilghman

Dear Sir,

Your favour of the 10th Inst. is at hand. Mr Cryer called this week and paid for four ploughs bought by him for you in April last, believing that it was your desire that he should pay for them only. I herewith enclose your Bill which I presume you will find correct — Clover seed is now retailing at $6 — per bushel of prime quality, and whether it will be lower or higher this season depends upon many circumstances that cannot be calculated upon before hand, but should there be a foreign demand for it, it will probably be higher, & if not probably lower. I shall be pleased to receive your orders, & will do the best I can for you.

Your very Obt Servt

J. S. Eastman

P.S. I have a small Acct against Messrs John & James Tilghman which I also enclose opened by your request but had bu[illegible] order in the name of the firm J. S. E
