Mr Filgiman November 1 1847

Sir I biliave all the arti-
cles wrote for are sent. the women say
they have no more geese to send. there is
some of my wifes raising I am not certain how
many I finished seeding wheat last Wedne-
day except the potatoe patch which will be
done this morning. there has been a good deal
of rain here since I began to seed and made
me late about it. the fallow is getting up
very well and I think will be thick enough.
I seeded on the fallow 42 1/2 Bush Lot 18 Corn
field 4 9 1/2 I have not done a great deal
with the Corn yet but shall push on with it now
the hogs are not as fat as they ought to be
for the time they have been up I sent the
wheat by Capn Lane and was greatly mis-
taken as to the quantity of it there being only 28
bush. the large quantity of chaff was the cause
I will send the sheep to the cattle show and inten
to go myself 6 of them will fill the cart
full I have had Chills and Fevers for nearly
two weeks past it being brought on by getting
wet of dewy mornings my Children are still
complaining

Respectfully

W Rollenson
