Col Thos Elmore

Batto Oct 2nd

Dear Sir

Yours of the 25th has
to hand by Capt Haskins with your shipment of wheat which
has been sold as per the annexed sales and I have depos-
ited in the Franklin Bank 321.88 dolls say three hundred
and twenty one dollars 88 cents - This wheat would not have
sold so well but for the late news from Europe which the
next annual brings bad accounts of the ~~crop~~ ~~Barrels~~ grain
crop of wheat &c &c will advance some ~~but~~ I do not
look forward to any scarcity in England that will affect
us much but you will however be able to judge as well
or better than I can after you have seen the papers
what price stocks to 26 Augt - I would certainly recom-
mend your sending your Corn to market as when the
crop comes in it must be very low - -

I have sent by Capt Haskins the 2 parcels
Bacon also 1 Bushel of Clover seed. I could not
procure any new Timothy seed it is daily expected in
the market when if you wish it I will procure it - There
was one parcel of old seed which is very full of
foul grass & weed & I preferred to put of the purchase
rather than send it - - - By the statement you
will see that interest has been allowed on the note to
Martin which I presume is correct if not you will
say so to me immediately - You have the note in
hand - - - - -

With much esteem yours

Geo Gillman
