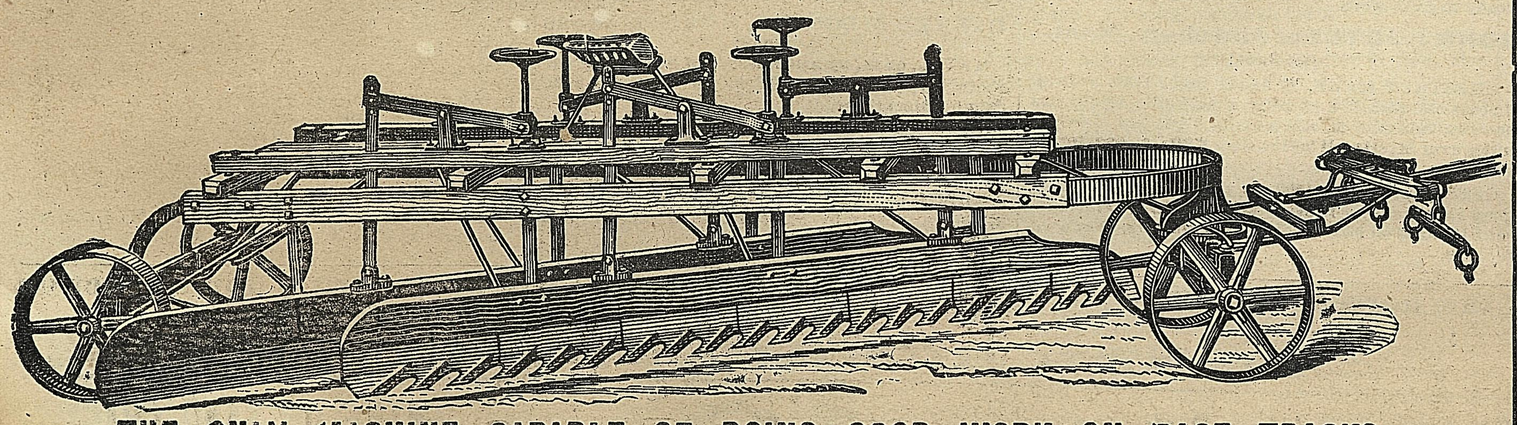
GRIFFIN'S TRACK SURFACER.



THE ONLY MACHINE CAPABLE OF DOING GOOD WORK ON RACE TRACKS.

I Manufacture the Improved Machine, Embodying the Latest Ideas and Constructed Under my Direction.

GALESBURG, ILL., Jan. 28, 1894.

Mr. Seth Griffin, Joliet, Ill.—I have used the track machine I bought of you for five years. During that time it has put the tracks owned or managed by me in condition for nearly all the world's records to be broken over them. It is the only track machine I have ever seen worth a dollar.

Yours truly, C. W. WILLIAMS.

This machine only requires one pair of horses, one man to drive and tend the same.

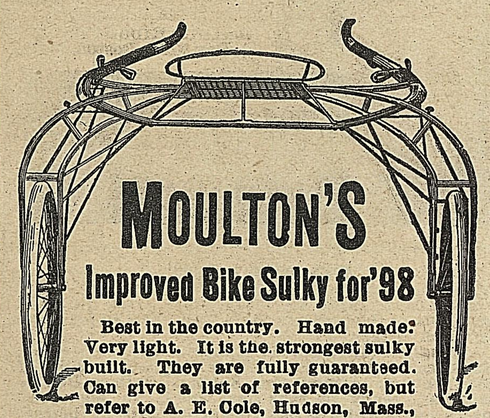
SPEAR & CO., Bloomfield, N. J.

YOU

Read every week of some good trotter or pacer going lame. Hundreds in the course of a year are retired as practically worthless. I can cure 90 per cent. with my Spiral Spring Hoof Expander, and can make any hoof when not maltreated as sound and healthy as when as a two year old. I guarantee my Expanders to cure any curable case of contracted feet, corns, quittor, navicular disease, ossified cartilages or side bone, quarter crack, scratches and thrush, or refund your money. It is a humane treatment, an inexpensive one, a safe, sure and speedy treatment. Every campaigner should wear them a short time during the fall or winter months. Every roadster,—city or country,—should wear them at times. They don't interfere with the pleasure of driving, while the horse always has healthy feet. If your horse has diseased feet write me for illustrated and instructive circulars and testimonials. Will cost you nothing but your letter. S. W. MACKEY, Foot Specialist, 1126 E. Baltimore St., Baltimore, Md.



MOULTON'S Improved Bike Sulky for '98

Best in the country. Hand made. Very light. It is the strongest sulky built. They are fully guaranteed. Can give a list of references, but refer to A. E. Cole, Hudson, Mass., C. H. Nelson, Waterville, Me., who used them through the seasons of '95-6-7. Second-hand sulkies cheap.

W. H. MOULTON, Hudson, Mass.
