## BOOKS FOR EVERY STALLION OWNER.

**CHARLES MARVIN**, Training the Trotting Horse. The publishers are now taking orders for thi greatest of practical horse books. It is a handsome 300-page octavo, bound in cloth, elegantly printed superbly illustrated by Whitney, and explains in every detail the remarkable success of CHARLES MARVIN who has given more young horses fast records than any man that ever lived, and the whole plans and meth ods pursued at Palo Alto as to breaking, training, shoeing, gaiting, driving, keeping, racing and breeding trot ters. The illustrations alone are worth the price of the book. Read what J. C. Sibley, the owner of St. Bel says of this book in the Spirit of the Times, after seeing advance sheets: "In this work MARVIN has let out all the mysteries of the craft, and it is so simple and plain that any breeder, owner, trainer or rubber who has any relish for his business can take a colt as a yearling and develop to the highest and fullest extent that colt's capacity as a trotter. The work impressed me so strongly that I have ordered 20 copies, and shall place one in the hands of every rubber on our farm." Order now. Mailed postpaid to any address in the United States or Canada at $.50.

Sent on receipt of price by the
