WILLOW OINTMENT

SCATCH

Scratches and Speed-cracks cause more trouble and annoyance than all other diseases to which horse-flesh is heir. Heretofore preparations in common use for their cure have been most uncertain, and tions will *positively* cure the most obstinate case.

Willow Scratch Ointment will not only cure speed-cracks, but from its marvellous potency in imparting elasticity to the integument will ***absolutely*** prevent their occurrence.

Ask your Druggist to send a trial order; or send us **50** cents, and we will forward you a box, ***delivered free.*** Send for certificates of leading horse owners who have used it.

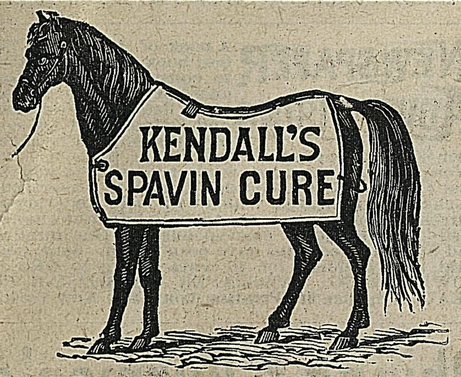
SURE CURE.



The most successful Remedy ever discovered, and it is certain in its effects and does not blister. Read proof below.

LOCKESBURG, ARK., Aug. 19, 1886.—DR. B. J. KENDALL CO.—*Gents:* I have a very fine mule which had a ring-bone on his ankle. I tried everything that I could hear of to cure it, but failed to find a cure until I obtained some of your Kendall's Spavin Cure, which cured it inside of two months. I was without the use of the mule two years before I got hold of your liniment. I can recommend it to be the best liniment for man or beast I have yet ever seen.

Yours truly, JAMES H. PETTUS.

Kendall's Spavin Cure.

MILFORD, CONN., July 25, 1886.—DR. B. J. KENDALL CO.—*Gents:* Some time since I purchased a horse of New York parties, which, as near as I could judge, had the pink eye. I followed your directions on page 63, in the "Doctor at Home," and the horse is quite well, with the exception of a slight enlargement of the tonsils. I used one bottle of your Kendall's Spavin Cure for the horse's throat, and it worked like a miracle, scattering the lumps and reducing them in size. I also once cured a very bad case of spasmodic colic by following your directions on page 51. My experience has been very large in the treatment of the various diseases of the horse, and in all cases I use a little common sense, then your book, and carry out your directions to the letter. Such faith have I in your works that if a horse dies under the treatment you prescribe I think there is no help for him.—Very respectfully yours, THOS. KENCH.

Price **$1** *per bottle, or six bottles for* **$5.** *All Druggists have it, or can get it for you, or it will be sent to any address on receipt of price by the proprietors*

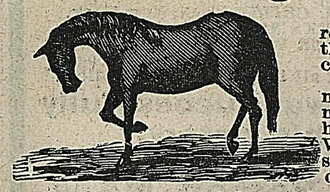
Try WILLIAMS' LINIMENT

THE GREAT CURE FOR SPAVIN

And All Lameness, including Splint, Strain, Stiff Joints, String Halt, Ringbone, Wind Puff, Etc.



A. G. SMALLEY, glass manufacturer, Boston, Mass., writes: I used all remedies, including Ellis' Spavin Cure, for three years on a favorite horse that was spavined, with no improvement, but your Williams' Liniment cured her in four weeks, and added $150 to her value. All should try it.

GEO. H. MORSE, stable-keeper, Webster Mass., writes: I owned a valuable mare, which was injured by a kick in the thigh, and, after doctoring her for nearly a year with many noted remedies, I saw no improvement, and I gave her away to Mr. J. Nuttle, of our town, who commenced to treat her with Williams' Liniment, and, after using three bottles, she was cured, and has since trotted twelve miles in an hour. I consider your Liniment an indispensable article.

Ask your druggist for it—**Price, $1; Six Bottles, $5**—or send $10 to

J. ALLEN RICE, Prop., Milford, Mass.,

and get a trial dozen, prepaid to any part of the United States.

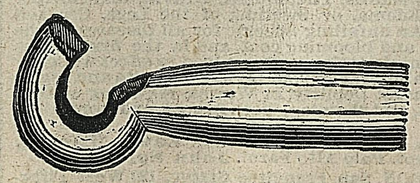
BALDWIN'S PATENT EXTENDED END

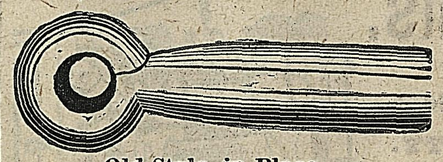
FOR JOINTED MOUTH BITS.



Old Style, Open.

New Style, Open.

This SOLID JOINT is something drivers will rejoice over. ALL KNOW the old style of Joint, when worn a little or with a heavy strain, will open. But after the extended end is passed through the solid eye it gives us the means to weld the end in place, making a solid joint. Cuts show both styles of Joints. This we put on our best bits and you pay no more for them. All dealers have them, or should.



Old Style, in Place.

STEVENS'

OINTMENT.

The Only Substitute for Firing Horses

Prepared only by H. R. STEVENS, V. S.

9, PARK LANE, LONDON, ENGLAND.

The above valuable preparation, after forty years' persistent and unvarying success, has superseded all others as the most humane and speedy remedy for all diseases of Horses' Legs.

Testimonials embracing the above period, together with a Treatise on Lameness, accompany each box, and conclusively demonstrate "Stevens' Ointment" to be the most certain and rapid cure ever discovered for Curbs, Splints, Spavin, Ringbone, Diseased Ligaments and Tendons, Sore Throat, Coughs, Roaring and all Glandular Swellings.

It is warranted never to cause any blemish, however repeatedly used, causes but little annoyance to the animal, and is simple and easy in its application.
